Record Group / Scheduling Group Records of the Health Resources and Services Administration

Records Schedule applies to Agency-wide

Schedule Subject Health Resources and Services Administration (HRSA) Records Control Schedule

Internal agency concurrences will be provided Yes

Background Information In 2012, the Records Management responsibilities for the Health Resources and Services Administration (HRSA) were reassigned to the Office of Information Technology. The existing HRSA guidance's have not been updated since 1982 (Job Number NC1-90-81-5, B-351 HSA Transmittal 83.02 10/31/83 and HRA Job Number NC1-90-82-5 Appendix B-341 11/28/83). This new schedule eliminates any record covered by a General Record Schedule, consolidates into a single disposition for similar records and clarifies which activity is the "official" record holder within HRSA. This schedule supersedes all previous authorizations for the disposition of record and nonrecord materials contained in HSA and HRA Records Control Schedule, Job No. Job Number NCI-90-81-5 dated September 21, 1982 and Job Number NCI-90-82-5, on June 17, 1983.

7	<p>Federal Tort Claim Act Claims Analysis and Tracking System (CART) - Master File</p> <p>Disposition Authority Number DAA-0512-2014-0004-0063</p> <p>The Federal Tort Claims Act (FTCA) has been the legal mechanism for compensating people who have suffered personal injury by the negligent or wrongful action of employees of the U.S. Government. The Federal Tort Claims Act (FCTA) Section 224 of the Public Health Service Act, as amended, by the Federally supported Health Centers Assistance Act of 1992 and 1995, FTCA grants medical malpractice liability protection at health centers supported by Health Resources and Services Administration (HRSA). Deemed Health Center grantees are immune from medical malpractice lawsuits resulting from the performance of medical, surgical, dental, or related functions within the approved scope or project. The records are maintained by the Office of the General Counsel (OGC) and Bureau of Primary Health Care (BPHC). Case Files contain data on petitions for compensation, including petitioner's name and name of person damaged, if different from petitioner and all relevant medical records. CART is a web-based system designed to facilitate the review, retrieval, storing, and processing of medical malpractice claims for litigation by the Office of General Counsel under the Federal Tort Claims Program. The purpose of the electronic system is to determine eligibility of petitioners to receive compensation. Deemed health center grantees are immune from medical malpractice lawsuits resulting from the performance of medical, surgical, dental, or related functions within the approved scope of project and to compensate successful petitioners in the amount determined by the court. The database will be utilized to respond to congressional inquiries, Freedom of Information Act (FOIA) requests, and litigation. Health Center grantees are immune from medical malpractice lawsuits resulting from the performance of medical, surgical, dental, or related functions within the approved scope of project. This system contains all the relevant medical, legal, epidemiological, and payment information related to the case. Case files and electronic records contain data on petition for compensation, including petitioner's name and name of person vaccinated if different from petitioner, Social Security Number, and all relevant medical records (including autopsy reports), appropriate assessments, evaluations, prognoses, and such records and documents are are reasonably necessary fro the determination of eligibility for and the amount of compensation to be paid to, or on behalf of, the person who suffered such injury or who died from the administration of the malpractice. The web-based system provides information to visitors regarding the submission, tracking, and final payment regarding a claim. The website provides contact information, risk management, legislation,</p>
