Cases are used internally for case tracking and tracking of repeat offenders. External uses of data include reporting of debt owed from penalties, authorized oversight audits, congressional inquiries inquiries related to intelligence gathering, and inquiries from other Federal agencies conducting litigation or proceedings before any court, adjudicative or administrative body. These files are treated as input into the Marine Information for Safety and Law Enforcement System (MISLE). Cutoff at the end of the calendar year in which the report is forwarded to district, area or data processing center or after final action whichever is later. Destroy three years after cutoff. b. Enforcement cases with final action consisting of written warnings or no violations including cases referred to other agencies or departments for actions consisting of investigation reports, violation reports, correspondence, and related. These files are treated as input into the Marine Information for Safety and Law Enforcement System (MISLE). Cutoff at the end of the calendar year after the final disposition of the case. Destroy one year after cutoff. c. Electronic Mail and Word Processing System Copies 1. Copies that have no further administrative value after the recordkeeping copy is made. Includes copies maintained by individuals in personal files, personal electronic mail directories, or other personal directories on hard disk or network drives, on deoples on shared network drives that are used only to produce the recordkeeping copy. Delete within 180 days after the recordkeeping copy has been produced. 2. Copies used for dissemination, revision, or updating that are maintained in addition to the recordkeeping	8.
