11/21/06 copies sent to Agency, NWMD, NWME, NWMW, NR, NUCTB

Emergency and Disaster Documentation

As determined by the Secretary of Homeland Security in coordination with the National Response Plan an incident of national significance is declared whenever a disaster (either natural or manmade) occurs and harms or threatens a community or the natural environment requiring a concentrated multi-faceted coordination of federal, state, local, and private emergency resources. Federal response during such an emergency or disaster (For example, Hurricane Katrina or 9/11) requires exceptional documentation. Documentation of USCG's involvement in the response should be a concerted effort carried out by units affected or providing support, special documentation teams, liability investigators, contractors, JAG representatives, historians and public affairs. The purpose of such documentation is to collect, preserve and make accessible copies of documents, video, photography, email, presentations, and other related records of events surrounding the disaster in order to preserve the vital historical and legal data that details events and activities from onset, through continuity to future operations. This documentation provides a complete and accurate compilation of the Coast Guard's response.

1.

1. Incidents of National Significance
Collected/received copies of original records.

Permanent. Transfer to National Archives upon completion of documentation project. At the time of transfer the National Archives and USCG will determine an acceptable medium and format in which records will be transferred.

~~2. Minor incidents and disasters~~

~~Records created throughout the normal business operations of the Coast Guard such as SAR case files should be maintained in accordance with appropriate record types and as described in COMDTINST M5212.12A.~~

~~3. Electronic copies of records that are created on electronic mail and word processing system and used solely to generate a recordkeeping copy of the records covered by the other items in this schedule. Also includes electronic copies of records created on electronic mail and word processing systems that are maintained for updating, revision, or dissemination.~~

~~a. Copies that have no further administrative value after the recordkeeping copy is made. Includes copies maintained by individuals in personal files, personal electronic mail directories, or other personal directories on hard disk or network drives, and copies on shared network drives that are used only to produce the recordkeeping copy.~~

~~**Destroy/Delete** within 180 days after the recordkeeping copy has been produced.~~

~~b. Copies used for dissemination, revision, or updating that are maintained in addition to the recordkeeping copy.~~

~~**Destroy/Delete** when dissemination, revision, or updating is completed.~~
