7. ITEM NO.	8. DESCRIPTION OF ITEM (With Inclusive Dates or Retention Periods)	9. SAMPLE OR JOB NO.	10. ACTION TAKEN
1.	<p>This request concerns records which comprise a portion of Commercial Vessel Case Files maintained by the Coast Guard. Certain portions of these files were approved for micro-filming and subsequent destruction of the paper copy on job number NC1-26-77-1 which was approved by NARS on 13 December 1976. The background and microfilming procedures outlined in that job are also applicable to this request.</p> <p>These files are presently included as item number 410c in the Coast Guard Comprehensive Records Schedule as approved by NARS on 21 June 1977.</p> <p>Admeasurement plans, blueprints, drawings and tracings can now be filmed without loss of "to scale" when reproduced back to paper copy from microfilm. We are therefore planning to microfilm the admeasurement records and include them with the other portions of the commercial vessel case files which are currently approved for microfilming. The purpose of this request is to obtain approval to destroy the paper documents after microfilming. Microfilming will be in accordance with procedures as outlined in FPMR 101-11.5 pertaining to nonpermanant records to be held for 10 years or more.</p>		

Sent to agency, NAF, NCV, all FRC's - 1/30/78
