DHSAccessGate System

NARA # 11-503-09-2

The Department of Homeland Security (DHS) Office of Security is partnering with a service provider from the private sector to facilitate a new voluntary program at the DHS-HQ Nebraska Avenue Complex ("NAC") and other designated component facilities. The DHSAccessGate Program ("Program") will be offered on an optional basis to DHS-HQ-sponsored vendor companies and approved vendor employees who desire expedited, more convenient entrance at DHS-HQ facilities.

Participation in the Program will be strictly voluntary, and vendor employees will be under no obligation to join the Program. The Program will not replace existing visitor pass access control procedures. Rather, the Program will be an optional alternative to those procedures. To implement the Program, DHS-HQ will contract with a private service provider ("Service Provider") to provide registration, background screening, and related services. The Program can be divided into four (4) distinct phases: Registration, Security Threat Assessment, Adjudication, and Badging.

Program Registration - DHS-HQ, in its sole discretion, will approve and sponsor the vendor companies whose employees will be eligible to register for the Program.

Security Threat Assessment (Background Screening) - The Service Provider will securely transmit to its Commercial Provider the biographic information it collects from vendor employees to perform background screenings of them.

- Social security number validation and address verification
- Fraud database search
- Federal, state and county criminal history search
- Sex offender registry(ies) search
- Wants, outstanding warrants search
- Office of Foreign Assets Control (OFAC) Terrorist Watch List

Neither DHS-HQ nor the Service Provider will receive from the Commercial Provider a copy of individual background screening reports.

Adjudication ("Adverse Action") Process - As part of the privacy protections afforded by the Program, users of background screening reports (referred to under the Fair Credit Reporting Act (FCRA) as "consumer reports") are required to follow certain adjudication procedures if they take adverse action against the subject of the screening that is based in whole or in part on any information contained in the consumer report. (FCRA 15 U.S.C. 1681m.)

Program Badge Process - After a Participant Vendor employee passes the background screening, the Service Provider will manufacture and securely ship to DHS-HQ a Program badge for the employee.
