The Renewal Assistance Administration Acquisition Appraisal files document the work of the Urban Renewal program in its efforts to rehabilitate or acquire "substandard" properties in urban areas during the 1960s. A typical file will include a contract property appraisal conducted by a local licensed real estate appraiser. Each appraiser produced an appraisal report. Typical contents of this report might include a legal description of the appraised property, name of property owner, lot information, deed information, appraisal value, condition of the property, improvements, photos, and floor plans. In practically all cases the Acquisition Appraisals provide unique documentation of the impact of federal housing programs on local communities and, in many cases, the transition and transformation of minority areas within urban areas of the South. In many cases these appraisals provide a block by block evaluation of housing stock within an urban area complete with local economic data, pictures, and floor plans of existing housing units. These appraisal files are of permanent value.</p> <p>Final Disposition      Permanent</p> <p>Item Status      Inactive</p> <p>Is this item media neutral?      Yes</p> <p>Do any of the records covered by this item currently exist in electronic format(s) other than e-mail and word processing?      No</p> <p>Inactive Status Explanation      NARA accessioned the records See LTI-0207-2019-0003.</p> <p>Disposition Instruction</p> <p>Transfer to the National Archives for Accessioning      Transfer to the National Archives immediately after approval of this schedule.</p> <p>Additional Information</p> <p>What will be the date span of the initial transfer of records to the National Archives?      From 1961 To 1965</p>
