Background

The Federal Bureau of Prisons' (BOP) Program Review Division (PRD) is responsible for analyzing BOP programs and guiding BOP managers in the assessment of their operations. PRD assists management in the strategic planning process, coordinates and monitors oversight activities of audit and regulatory authorities, and ensures that effective management and operational procedures exist throughout the BOP.

Within PRD, the Planning and Analysis Branch (PAB) promotes the development and implementation of strategic planning through training, publications, and the dissemination of Strategic Planning (STP) documents. STPs contain information and reports documenting the discussions concerning all new or updated agency plans entertained and/or accepted by BOP's Executive Staff. They are updated quarterly, semi-annually or annually, after each Executive Staff meeting on the subject. STPs have been collected since early 1990s. The most recent STP files are temporarily posted and updated in BOP's Intranet System (Sallyport Intranet).

1. Strategic Planning (STP) Documents - DATA - Consists of documents in word processing, scanned materials, and/or PDF format maintained as individual files and stored on a network drive (M Drive). STPs are updated quarterly and contain information and reports pertaining to goals and processes of all new and/or updated agency plans entertained or accepted by BOP's Executive Staff.
