## Computer Century Conversion (Y2K) Records Schedule

### 1. Y2K Policy and Planning Records.

Records created or approved by the BLS Commissioner, Associate Commissioners, and/or project staff for specific programs that document efforts taken to identify potential problems, assess risks, and implement strategies for agency Y2K compliance and contingency. Records may include reports outlining overall strategies, project plans, risk assessments, system identification criteria, and summary progress reports.

- a. Recordkeeping copy maintained by the work unit managing overall agency Y2K compliance efforts.

TEMPORARY. Cut off at completion of project. Destroy 5 years after cutoff.

- b. All other copies.

TEMPORARY. Cut off at completion of project. Destroy 3 years after cutoff.

### 2. Y2K Administrative Records.

Records associated with all administrative aspects of Y2K projects, including budgeting, resource allocation, logistics, unit level project management, feeder status and progress reports, status tracking documentation, system inventories, and related materials.

TEMPORARY. Cut off at completion of project. Destroy 3 years after cutoff.

### 3. Implementation Records.

Records that document analyzing, modifying, testing, and verifying systems for Y2K compliance.

- a. Summary records of the analysis of actions taken for specific systems. These records typically document justifications to repair, retire, or replace system in relation to Y2K concerns and may include configuration and design analyses, application of selection criteria, changes made to system, revisions or additions to systems documentation, and final reports or audits of system status.

TEMPORARY. Cut off at completion of project. Apply disposition approved for the overall system.

- b. Detailed records of the revision, testing, and validation of a specific system or group of systems. May include listings of potential problems, test plans, test data, test procedures and results, final validation results, and quality assurance reviews.

TEMPORARY. Cut off at completion of project. Destroy 3 years after cutoff.

## Computer Century Conversion (Y2K) Records Schedule

### 4. Electronic Mail and Word Processing System Records.

Electronic copies of records created using electronic mail and word processing applications to generate a recordkeeping copy of the records covered by other items in this schedule.

- a. Copies that have no further administrative value after the recordkeeping copy is generated. Includes copies maintained by individuals in personal files, personal electronic mail directories, or other personal directories on hard disk or network drives, and copies on shared network drives that are used only to produce the recordkeeping copy.

TEMPORARY. Destroy/delete 180 days after the recordkeeping copy is generated.

- b. Copies used for dissemination, revision, or updating that are maintained in addition to the recordkeeping copy.

TEMPORARY. Destroy/delete when dissemination, revision, or updating is complete.
