SUMMARY

The Department of State submits this schedule to reflect NARA's appraisal of selected records of the Secretariat Staff. The Secretariat Staff provides support to the principal officers (Secretary, Deputy Secretary, Under Secretaries) of the Department. The records under appraisal consist of a number of various Control Registers and Logs. For the most part, the logs and registers do not warrant preservation. They include lists of materials sent to an emergency relocation site, lists of retired records, numerical lists of various types of telegrams, lists of microfilm, lists of memoranda, and other assorted registers and logs. None of these records warrant preservation in the National Archives. Two of the lists warrant preservation. The **Log of U.S. Official Memoranda of Conversation with leading USSR Official, 1961-1969** and the **Index to President, Secretary of State Diplomatic Correspondence, 1950s-1969**, list significant documentation and will assist both staff and researchers locate these important documents. All retention periods are adequate from the standpoint of governmental accountability and the protection of legal rights.

I recommend approval of this job.

Professor Michael Churgin of the University of Texas School of Law requested a copy of the schedule and appraisal but provided no comments.
