EUREKA is an electronic information system designed to track participants, funding, itineraries, and organization information on all institutional grants and cooperative agreements with U.S. not-for-profit institutions for professional, cultural, and youth exchanges. Participants may be U.S. citizens who are participating in an exchange program overseas, or non-citizens who are participating in an exchange program in the U.S. EUREKA includes data migrated from legacy systems (Culture Connect Envoy Workflow and its predecessor the American Cultural Specialist Database), and spans the period 1996 to present.
