NOTICE - SOME ITEMS SUPERSEDED OR OBSOLETE

Schedule Number: NC1-059-83-04

Some items in this schedule are either obsolete or have been superseded by new NARA approved records schedules. This information is accurate as of: 11/4/2020

ACTIVE ITEMS

These items, unless subsequently superseded, may be used by the agency to disposition records. It is the responsibility of the user to verify the items are still active.

All items except the ones listed below are active

SUPERSEDED AND OBSOLETE ITEMS

The remaining items on this schedule may no longer be used to disposition records. They are superseded, obsolete, filing instructions, non-records, or were lined off and not approved at the time of scheduling. References to more recent schedules are provided below as a courtesy. Some items listed here may have been previously annotated on the schedule itself.

Item 17 is superseded by N1-059-10-016/1 Item 27 is superseded by N1-059-04-002/17 Item 23 is superseded by N1-059-00-008/4/A Item 25/A is superseded by N1-059-00-008/4/A Item 25/B is superseded by N1-059-00-008/4/B Item 39 is superseded by N1-059-97-010/1/A Item 6 is superseded by N1-059-96-030/1 Item 7 is superseded by N1-059-96-030/1 Item 26 is superseded N1-059-96-005/16 Item 27 is superseded N1-059-96-005/17 Item 23 is superseded N1-059-96-005/18 Item 30 is superseded by N1-059-95-026/4/B Item 19 is superseded through an intermediate schedule by N1-059-01-022/10 Item 21 is ultimately superseded by N1-059-99-16/11 Item 20 is ultimately superseded by DAA-0059-2015-0015-0006

	<u>Secretariat Automated</u> Data Index System (SADI) (SA)			
31.	SADI Index Master This on-line series is a docum locator and control data base for the principal records of the Office of the Executive Secretariat. It provides index records describing the contents, location, and action status of documents addressed the Secretary of State. The purpose of SADI is to track individual incoming and outgoing documents as they flow through the Office of the Executive Secre tariat and between this office and action offices throughout the Department. Personnel in the Execut Secretariat create index records which are updated the documents move through various action phases. Users can identify and locate the appropriate docum through the SADI Index Master by structuring logica queries at the computer terminal (CRT). Data inclu document identification, date it entered the system type of document or study, principal officer receiv the document, classification, title, organization t which it refers, up to six subject terms, cross references, routing and distribution data, downgrad information, and whether the document was sent to t White House and its status. A record set of docume indexed in SADI is maintained on microfilm by the Office of the Executive Secretariat. Some, but not all of these records mostly telegrams are ava able on a delayed basis in the Foreign Affairs Info mation System (FAIS). SADI index records have accumulated since 1969.	to ive as ents l des , ing o e he ents
