## 1220 - RECORDS AND INFORMATION MANAGEMENT

## GRS/BLM Combined Records Schedules

**Schedule 21 - Audiovisual Records**Introduction

This schedule covers audiovisual and related records created by or for BLM as well as those acquired in the course of business. For audiovisual records that are not described in this schedule, BLM must request disposition authority by submitting an SF-115 to NARA.

Audiovisual records include still and motion picture photography, graphic materials, and sound and video recordings. Related documentation includes (1) production or other files documenting the creation, justification, ownership, and rights to the records and (2) finding aids used to identify or access the records.

This schedule does not cover cartographic records, remote sensing imagery recorded on film or magnetic tape, or microform copies of textual records. Disposable cartographic records and remote sensing imagery recorded on film are covered by GRS 17; temporary computerized data are covered by GRS 20; and microform copies of textual records that have been authorized by NARA for destruction need not be separately scheduled, in accordance with 36 CFR 1230.10(b).

Guidance about the identification, maintenance, use and disposition of potentially permanent audiovisual records is provided in the NARA publication, "Managing Audiovisual Records: An Instructional Guide." Copies are available from the NARA Publications Distribution Staff.

The word "destroy" is used to authorize the destruction of data or information. Erasable media such as audio tape should be reused whenever practical. Silver-bearing photographic film must be destroyed in accordance with 41 CFR 101-45.10, "Recovery of Precious Metals."

1220 - RECORDS AND INFORMATION MANAGEMENT

GRS/BLM Combined Records Schedules
