

INACTIVE - ALL ITEMS SUPERSEDED OR OBSOLETE

Schedule Number: NC1-057-84-08

All items in this schedule are inactive. Items are either obsolete or have been superseded by newer NARA approved records schedules.

Description:

A number of transfers were received at WNRC and the Denver FRC between 1973 and 1989, disposable between 1991 and 1995. All were permanently withdrawn by the agency in December 1990 and January 1991.

In Senate hearings on H.R. 4035 regarding DOI appropriations for 1982, Senator McClure asked, "Under the mineral discovery loan program, how many contracts are remaining that require monitoring?" Dr. Peck of DOI responded, "The Geological Survey still monitors 30 loans under the mineral discovery loan program, the last of which will expire in 1989." A footnote in this testimony states that the USGS operated the program between 1965 and 1974.

As this item's disposition was to retain only until reference need expired, all records are assumed (30 years later) to have been destroyed at the agency.

7 ITEM NO	8 DESCRIPTION OF ITEM (With Inclusive Dates or Retention Periods)	9. SAMPLE OR JOB NO	10. ACTION TAKEN
1. (1900-01)	<p>This SF 115 is a request for <u>contingent disposal</u> of the following records series:</p> <p><u>Mineral Discovery Loan Program Contract File</u> The contract case file, maintained at Headquarters, including the application for exploration loan, field examination report, and recommendation for denying or approving loan application, contracts and amendments, vouchers, interim inspection and final reports, audit reports, reports to Congress on the program, annual check-ups on the status of rights to properties, amount of production, amount of royalty derived; records submitted by applicant, including his financial records, land deeds, leases, options and assignments, purchase contracts, maps, and technical reports. The Geological Survey offered a program of financial aid to private industry to explore deposits of certain minerals. The program was first a Department of the Interior agency in 1958 (Defense Minerals Exploration Administration), and was transferred to the Survey in 1965.</p> <p>Transfer to FRC 5 years after close of case. <u>Disposition:</u> Retain until no longer required for reference. The USGS will review these files every 5 years to determine if any records are disposable (telephone agreement, G. Wilson and L. Henry, 6/5/84).</p>	RCS/Item 1900-01	1 item
