December 22, 2006

Colorado River Electrical Utility Management System (CREUMS)

System Description: The CREUMS system is designed to provide billing and collections, service orders, meter reading, managing customer accounts, accounting, and tracking service/customer history at the Colorado River Indian Reservation. CREUMS enables the Colorado River Agency, as an electric utility provider, to meet its responsibility of supplying reliable electric utility service to the Colorado River Indian Reservation

a. Inputs:

Inputs to the system include manually keyed data and uploaded meter data such as: meter reading information, customer data, property information, power connect and disconnect orders, equipment change orders, and other service data.

Disposition: Apply disposition instructions approved for paper and microfilm records.

b. Data Files:

Users from the Power Billing office manually key in customer information data, power connect and disconnect orders, equipment change orders and meter information is manually migrated from a standalone Meter reading computer that periodically queries the installed electric meters. Meter readings obtained by handheld meter reading devices are also uploaded on a daily basis. Customer account records are maintained in a customer number sequence as a primary key. Information is also available by customer name, Service Location, Property Number, Meter Number, Phone Number, and Social Security Number. Data from CREUMS is subject to the Privacy Act.

Disposition: PERMANENT. Create duplicate copy of records off-line and physically transfer to the National Archives upon approval of this schedule in accordance with NARA instructions and guidance. ~~Subsequent legal transfer of the records will be as jointly agreed to between DOI and NARA, in accordance with regulations currently cited in 36 CFR 1228.270.~~

Re-accessioning policy revoked 4/19/2022
Data restricted in accordance with Privacy Act Notice.

c. Outputs:

All system outputs including: Utility bills, Collection Reports, Meter Read Reports, Statistical Reports, Payment Receipts, Billing Reports, Work Orders and all other

ELECTRONIC RECORDS SCHEDULE

reports. Print screen shots, queries, sorts, tables and related records and data compilation reports that are created for case files, studies, inquiries, inspections, and related program files.

Disposition: Apply disposition instructions approved for paper and microfilm program records.

d. Documentation

System Data specifications, data dictionary, file specifications, code books, record layouts, CREUMS System Design document, CREUMS User Guide, output specifications, testing scenarios, final reports, regardless of medium, relating to the relational files or database.

Disposition: PERMANENT. Transfer to the National Archives with Relational Data Files identified in item b above.
