SCHEDULE PREPARATION AND CLEARANCE

V-3
D20. Planning and Design Project Case Files.

The records in this series include project agreements, amendments to the agreements, reports, copies of engineering drawings, architectural plans, public comments on proposed plans, notes from meetings, correspondence and technical documents that describe decisions made during the planning and design process, compliance information about archeology and the environment, roads and trails, and general park information.

The records are arranged alphabetically by park and then numerically by project package number and project type.

1. Significant Case Files

Case files that meet one of the following criteria:

a. National or regional significance of the structure or resource
b. Importance to the park:
   (1) generates significant impact on tourism or recreational facilities
   (2) improves the preservation of historic structures or natural resources

c. Major rehabilitation or additions to existing structures or cultural or resource management plans, i.e., buildings, roads, bridges, trails, general management plans, water systems, transportation systems, HVAC systems.

PERMANENT Cutoff in the fiscal year in which the project is closed Transfer to a records center Transfer to the National Archives 30 years after cutoff.

2. Routine Case Files

Case files that document routine maintenance projects.

TEMPORARY Cutoff in the fiscal year in which the project is closed Transfer to a records center Destroy 20 years after cutoff.

3. Electronic Mail and Word Processing System Copies

Electronic copies of planning and design project records that are created on electronic mail and word processing systems and used solely to generate a recordkeeping copy of records covered by other items in this schedule. Also includes electronic copies of records created on electronic mail or word processing systems that are maintained for updating, revision or dissemination.

a. Copies that have no further administrative value after the recordkeeping copy is made. Includes copies maintained by individuals in personal files, personal electronic mail directories or other personal directories on hard disk or network drives, and copies on shared network drives that are used only to produce the recordkeeping copy.

TEMPORARY Destroy or delete within 180 days after the recordkeeping copy has been produced.
Copies used for dissemination, revision or updating that are maintained in addition to the recordkeeping copy

TEMPORARY Destroy or delete when dissemination, revision or updating is completed
