c	<p>Output. Vessels Approved for HML, and HML status report on all vessels.</p> <p><i>TEMPORARY. Destroy when superseded or no longer needed for reference.</i></p>		
10	<p><b>Locks Vessel Transit Log</b> prepared by the Locks Control House teletypist from transit information received on-line from the Marine Traffic Control System (MTCS). Contains information such as vessel name, dimensions, pilotage, arrival and departure at the locks.</p> <p><i>TEMPORARY. Destroy when 5 years old.</i></p>		
11	<p><b>Daily Lockage Log</b> containing information on the movements and activities of all vessels while transiting the locks. Also included is Form 4395, Lockage Tag, signed by the lockmaster and containing additional vessel transit information. This information is forwarded via e-mail to the Marine Traffic Control Center for updating the vessel's transit data in the Marine Traffic Control System (MTCS).</p> <p><i>TEMPORARY. Cutoff at end of calendar year. Destroy when 7 years old.</i></p>		
12	<p><b>Lockage Delay System.</b> Used to record conditions at the locks (i.e., lane outages, short chambers, lake level, etc.), assistance provided to vessels, and reasons for vessel transit delays during transit of the Panama Canal. Includes information such as lockages, tie-up, lane outages, relays, crew overtime, handline lockages, tandem lockages, short chambers, lake level, cause of delay, vessel's draft reading, etc.</p>		
a	<p>Input. Information from the Daily Locks Summary Report.</p> <p><i>TEMPORARY. Destroy when 7 years old and after information is transferred to the system masterfile and verified.</i></p>		
b	<p>Datafile.</p> <p><i>TEMPORARY. Delete information when superseded, obsolete, or no longer needed for current operations.</i></p>	<del>GRS 20, item 4</del>	

7. ITEM NO.	8. DESCRIPTION OF ITEM AND PROPOSED DISPOSITION	9. GRS OR SUPERSEDED JOB CITATION	10. ACTION TAKEN (NARA USE ONLY)
c	<p>Output.</p> <p>(1) <u>Lockage Delay Reports</u> on delays of ship transits through the locks, containing information such as ship name, locks lane used, date of transit, duration of passage, transit schedule number, cause of delay, diagnostic/corrective action taken, and responsible personnel.</p> <p><i>TEMPORARY. Destroy when 5 years old.</i></p> <p>(2) Periodic graphs and tables.</p> <p><i>TEMPORARY. Destroy when no longer needed for reference.</i></p>		
13	<p><u>Port Operation Logs.</u> 24-hour daily logs containing entries by the watchstanding Canal Port Captain and the Port Entry Coordinator. Used to record information on all events such as accidents/incidents occurring in the Canal, requests for assistance, complaints from pilots, vessel deficiencies, injuries, etc. Contains information such as date, time, vessel schedule number, ship identification number (SIN), name of port captain or port entry coordinator, remarks and signature of the Canal Operations Captain.</p> <p><i>TEMPORARY. Cutoff at end of the calendar year. Destroy 1 year after cutoff.</i></p>		
14	<p><u>Pilot Reports of Deficiency.</u> Reports from PCC pilots transmitted through the International Organization of Masters, Mates and Pilots Association union, regarding complaints of PCC employee performance while on duty, safety and communication problems during the transit of vessels through the Canal, and related information, used to initiate corrective action.</p> <p><i>TEMPORARY. Cutoff at end of fiscal year. Transfer to the Agency Records Center when 5 years old. Destroy 3 years after transfer.</i></p>		

7. ITEM NO.	8. DESCRIPTION OF ITEM AND PROPOSED DISPOSITION	9. GRS OR SUPERSEDED JOB CITATION	10. ACTION TAKEN (NARA USE ONLY)
15	<p><b><u>Transiting Vessel Engineering Deficiency Inspection Report.</u></b> Used by the PCC Inspector/Chief Engineer to determine if the vessel is mechanically fit for transit. Includes information such as vessel name, ship identification number (SIN), flag, classification society, vessel type, date and location boarded, boarding time, agent, inspections and tests performed, deficiency, engine specifications, etc.</p> <p><i>TEMPORARY. Destroy when vessel is 35 years old, or when excesssed or scrapped, whichever is sooner.</i></p>		
16	<p><b><u>Vessel's Draft Reading Log</u></b> used to record the tropical fresh water draft (TFW) reading of all vessels transiting the Panama Canal with a maximum allowable draft of 39 feet 6 inches, to determine whether the vessel needs tug assistance to continue a safe transit.</p> <p><i>TEMPORARY. Destroy when 1 month old.</i></p>		
17	<p><b><u>Undertaking to Release and Indemnify.</u></b> Forms 4322 and 4323 used to release and indemnify the agency and the U.S. Government from any loss or damage to the vessel, owners, operators, or any other interested parties from any liability incurred as a result of the vessel's transit of the Panama Canal. These forms are completed when the vessel has a noted deficiency and 1) is allowed conditional transit, and/or 2) is drydocked, docked or berthed by a PCC pilot until such time as Canal authorities are satisfied that the deficiencies or conditions have been rectified and that the vessel complies with the requirements set forth in 35 CFR. Contains the vessel name, ship identification number (SIN), description of vessel deficiency and/or conditions of transit, vessel master and PCC boarding officer's signatures.</p> <p><i>TEMPORARY. Cutoff file at end of the calendar year. Transfer to the Agency Records Center 2 years after cutoff. Destroy 5 years after transfer or when 7 years old.</i></p>
