NOTE: Change Retention Period for Item 53 from 10 years to permanent.
Agency Records Control Schedule No. 10 prescribes retention and disposal periods for records of the Office of the Governor-President. It shall be applied to records of the Office of the Governor-President in conjunction with Agency Records Control Schedule No. 1, Records in Common Use throughout the Agency. Application of disposal periods in the schedules is mandatory. If there should be a conflict between items in the schedules, the item in the Office of the Governor President schedule shall be applied to the Office of the Governor President's records.

Records authorized for disposal under this schedule shall be burned, shredded, or sold for scrap. To facilitate disposal of records that are kept in a continuous series, annual file breaks are recommended. Records can then be disposed of in a group based on date of file break. Fiscal year cut-offs are preferred for most records, and, unless otherwise stated, the disposal periods in this schedule should be interpreted as beginning after the end of the fiscal year in which the records were created. For example, if a record was created on July 10, 1971 and the disposal period was given as "DISPOSE after 2 years," that period would begin July 1, 1974, and the disposal date would be July 1, 1975, or as soon thereafter as practicable.

If noncurrent records (1) are seldom referred to, (2) must be retained for at least one year, and (3) occupy needed office space, they should be transferred to a low cost records storage area. Most such records are transferred to the Agency Records Center. Forms and Instructions for shipment of records to the Center will be furnished by the Center upon request. Containers are available in the Panama Canal Company Division of Storehouses. Records stored at the Center are available for reference during the storage period. They will be disposed of by Center personnel in accordance with scheduled disposal periods after concurrence of the original custodian of the records has been obtained.

Records holdings should be reviewed for disposal under the schedule at least once a year, preferably shortly after the beginning of the fiscal year. Unscheduled records, records for which changes in the schedule are recommended, and records that are scheduled but no longer produced should be reported to the Chief, Records Management Branch, Administrative Services Division, for review and appropriate action.
