	<p><u>PROPOSED RETENTION SCHEDULE SUBMISSION FOR:</u></p> <p><u>BUCKET 2</u></p> <p>The Bureau of Ocean Energy Management (BOEM) is submitting the attached proposed retention schedules for review and appraisal. The design of each schedule is premised on a functional or "Big Bucket" format in lieu of the traditional organizational format for federal records retention scheduling.</p> <p>The disposition instructions have been developed in correlation with the BOEM lines of business functions and processes as they have been reported to the OMB and populated in the Department Enterprise Architecture Repository. The basic mission of the organization has remained the same. This schedule is written to authorize the disposition of the records in any media format (media neutral).</p> <p><u>Attachment 2 Proposed Functional Records Retention Schedule (a k a "Big Buckets")- POLICY</u></p>		

Each bucket summarizes a unique mission-essential business function and its related processes. The buckets are divided into sub-buckets. The sub-buckets categorize separate lines of business that warrant a unique and dedicated set of disposition instructions for the records created, received, maintained, preserved or ultimately disposed of within the applicable line of business.

A crosswalk for each bucket is also submitted alongside with the actual bucket schedule.

The submission of the crosswalk for each bucket is for the purpose of providing a cross-reference between the existing NARA-approved MMS schedules - including item numbers, series descriptions and job numbers with the proposed sub-buckets and disposition instructions designated to supersede them.

BIG BUCKET RECORDS SCHEDULE FOR THE BUREAU OF OCEAN ENERGY MANAGEMENT (BOEM)

Organization. The Bureau of Ocean Energy Management (BOEM) is headquartered in the Washington, D C Metropolitan area BOEM has operational centers and support offices located throughout the United States

The Bureau of Ocean Energy Mangement (BOEM) is responsible for managing environmentally and economically responsible development of the nation's offshore resources Its functions will include offshore leasing, resource evaluation, review and administration of oil and gas exploration and development plans, renewable energy development, National Environmental Policy Act (NEPA) analysis and environmental studies

The Office of Administration is responsible for budget and financial management in addition to all administrative activities of BOEM The functions of this organization include planning for and using budgetary resources in support of the BOEM's varied operating and support programs, e g management analysis, records and paperwork management, human resources, safety and health programs, procurement, property and space management, and information management

Office of Policy and Analysis is responsible for providing policy review and coordinated program and policy positions on all matters relating to the BOEM, for providing a review and assessment capability within the Bureau, managing the strategic planning and quality improvement processes, and evaluating programs through economic and programmatic policy analyses

Office(s) of Record refers to the office holding the official record copy of a specific record when multiple copies are used across offices Most typically, this is the office that creates and maintains the record, although specific offices may be designated to hold official records generated across Program Offices

Media This schedule covers records in all media, format, and produced using any and all tools Records may include, but not limited to, paper, word processing documents, presentation materials, statistical data, spreadsheets, databases, e-mail, photographic materials, audio, film, video, drawings, and any other electronic formats that fall within the unstructured, semi-structured or structured classification

Litigation Holds and Records Freezes: This schedule is subject to the orders of the court to preserve any and all program records deemed potentially responsive in a legal proceeding where BOEM or its authorized agents are named parties to an applicable proceeding - regardless of media format In accordance with such a court order, or, by direction of the Department of Justice or the Solicitor of the Department of the Interior, BOEM will fully suspend all retention schedule disposition instructions in their entirety, indefinitely, until instructed to do so otherwise by these same authorities by written notice

BOEM- BUCKET 2 - POLICY

The Policy bucket captures and records agency policy development, agency origin and organization (including delegations of authority), and decisions and activities of senior executives. By their very nature, most have historical or other value to warrant their continued preservation by the federal government. The Policy Schedule covers BOEM directives/orders, BOEM decisions (e.g., bid protests, legal opinions, decisions for Congress, decisions on availability and use of appropriated funds, and decisions based on public input), legislative histories, publications, and final products. Publications include BOEM reports, testimonies, etc. This bucket also covers data captured during the rulemaking process including the final rule and the supporting documentation that makes up the administrative record compiled during the due diligence and public commenting period.

The disposition and retention period in the respective buckets and its sub-buckets of the policy schedule is an exception to the General Records Schedule (GRS): GRS16 item 8a, item 8b1, 8b2, 8c, item 14a, item 14b, item 14c, item 14d, item 14e, item 14f

The disposition for some of the records is longer than the GRS because the official records are integrated in to the electronic systems and coordinated retention periods are necessary to implement the schedule within these systems. The 7 year represents the longest retention in the GRS period.

The records covered by this schedule are considered to be media neutral unless indicated otherwise. The Bureau of Ocean Energy Management (BOEM) agrees to maintain these records regardless of format for the entire retention periods indicate in accordance with all Federal Regulations for Records Management including but not limited 36 CFR chapters 1225 and 1226.
