	<p>Treasury Inspector General for Tax Administration (TIGTA)</p> <p>The Treasury Inspector General for Tax Administration was established in January 1999 in accordance with the Internal Revenue Service Restructuring and Reform Act of 1998 (RRA 98) to provide independent oversight of Internal Revenue Service (IRS) activities. TIGTA's focus is entirely on tax administration issues. TIGTA conducts and supervises independent and objective audits and investigations relating to IRS programs and operations. TIGTA informs the Secretary of Treasury and the Congress of problems and the progress made in resolving them.</p>		

1. **TeamMate Audit Management System:** This system is the primary audit documentation, project tracking and workflow management tool for the Office of Audit. It provides front-line project management, managerial support and oversight to Office of Audit by tracking each project from planning to issuance of final report. It provides typical project management efficiency matrices, tracks project time, expense and is customized/configured to provide snapshot of the entire Office of Audit program with up-to-the-minute information. The system serves as the primary tool for creating and maintaining audit work papers and supporting documentation. Documentation relates to audits, as well as inspections, evaluations completed under the auspices of the Office of Audit of a particular office activity or function for a specific period, as well as special studies and/or investigations conducted by the Office of Audit or jointly with other organizations. Documentation includes, but is not limited to, analyses, interview records, audit plans, discussion draft reports, draft reports, memoranda, as well as taxpayer confirmation letters and replies.

a) **Inputs:** ~~Electronic and paper information serving as supporting documentation necessary for reviewing and evaluating IRS programs and operations.~~

**Disposition:** ~~Once data is input into the system as a work paper (i.e. direct entry, downloaded or scanned) and the audit is closed original source documents are no longer required.~~ GRS 20

b) **Master Audit File:** ~~Contains data related to the planning, execution and reporting of Office of Audit projects since 1998. The system provides workflow management (i.e., project tracking), program planning and time and expense data along with documentation used to support results of audits, as well as inspections, evaluations completed under the auspices of the Office of Audit on past, current and planned reviews.~~

**Disposition:** ~~Cutoff files at the end of the fiscal year. At end of fiscal year in which a report is issued supporting project files are moved to a retention area on servers. Destroy nine years after cut-off or when information is no longer needed as determined/approved by the TeamMate Project Manager or designee.~~

c) **Outputs:** ~~Statistical data, numerous reports and data "views" pertaining to the planning, execution, performance and reporting of Office of Audit projects.~~

**Disposition:** ~~Cutoff files at the end of the fiscal year. Destroy on-site three years after the end of relevant fiscal year or when no longer needed whichever is later.~~ GRS 20

d) **System Documentation:**

**Disposition:** ~~Destroy on-site <sup>nine</sup> three years after the termination of the System.~~
