Background:

The Photocopy Fee Refund System (PHOREF) was developed in cooperation with the Manual Refund Unit in Accounting Branch. Employees in the Photocopy Unit issue photocopy fee refunds by inserting data pertinent to each individual case. This includes Social Security Number, name, address, amount of refund, refund date, caseworker's IDRS number, and appropriate remarks regarding case.

Photocopy Fee Refund (PHOREF) or Photocopy Refunds Program (PHOREF) allows photocopy fee refunds to be issued to the taxpayer from the Financial Management System (FMS). The database retains multiple years of data for any refund issued and also information regarding the photocopied case. Once a week, throughout this system, all refunds for the prior week are downloaded to Accounting. Tapes are validated and released to FMS.

Photocopy Fee Refund (PHOREF) or Photocopy Refunds Program (PHOREF) was developed in cooperation with the Manual Refund Unit in Accounting Branch. Employees in the Photocopy Unit issue photocopy fee refunds by inputting data pertinent to each individual case. The database retains multiple years of data, making it easy to query by SSN or name for any refund issued and also examine information regarding the case. Once a week, throughout this system, all refunds for the prior week are downloaded to Accounting. Tapes are validated and released to Financial Management Service (FMS) agency, allowing photocopy refunds to be issued to the taxpayer.

The PHOREF System is organized within External Accounts Processing which supports the administrative accounting functions that deal with accounts external to IRS such as user fees.

Photocopy Fee Refund System (PHOREF)

Description:

The Photocopy Fee Refund System (PHOREF) is used to issue photocopy fee refunds by inputting data pertinent to each individual case. The database retains multiple years of data, making it easy to query by SSN or name for any refund issued and also examine information regarding the case. Once a week, throughout this system, all refunds for the prior week are downloaded to Accounting. Tapes are validated and released to Financial Management Service (FMS) agency, allowing photocopy refunds to be issued to the taxpayer.

A. Inputs:

Inputs to the Photocopy Fee Refund System (PHOREF) are extracted from IR Form 4506 *Request for Copy or Transcript of Tax Form*, the Electronic Certification System (ECS), and the Financial Management Service (FMS). Information input from Form 4506 consists of the taxpayer name, address, and dollar amount. If the "Authorization to pay third party" is checked then the Third Party Name and address is received.
