<tr>
<td>2.</td>
<td><strong>Office Examination Audit Quality Study (1985).</strong> Textual files created as a result of the above project to determine the relationship between the quality of Office Examination non-business returns and the time required to conduct those audits. Post-review of Office Examination cases were conducted and relevant data collected to capture this relationship between quality and time. It was concluded that there was no direct positive relationship between quality and time. Volume: 2 cubic feet.</td>
