Records Control Schedule for Servicewide Compliance Research

Records Control Schedule 120

Item No.	Description	Authorized Disposition
----------	-------------	------------------------

Annual Accumulation Approximately one-half cubic foot per NORA/DORA site

(b) PROFILING REPORT. Profiling

Reports document the results of a profiling effort guided by the associated Profiling Plan. They identify the tax compliance characteristics of a segment of taxpayers, provide measures of compliance levels, identify potential compliance issues, and recommend whether the segment of taxpayers that has been profiled, or the compliance issues identified should be further researched. They are used in conjunction with Compliance Studies and Tests to improve compliance with the law.

Volume Less than 1 cubic foot
Annual Accumulation Approximately one cubic foot

(c) STUDY PLAN.

Documentation of a market segment or compliance issue that will be further researched or studied, the approach and methodology that will be used, data that will be required, and the measures that will be taken. Study Plans guide the research process and are used to create a better understanding of the cause of non-compliance or the characteristics of a market segment. They are used in conjunction with compliance profiles and tests to identify non-compliance issues and improve overall compliance with the law.

Volume Less than 1 cubic foot
Annual Accumulation Approximately one-half cubic foot at each NORA/DORA site

(d) STUDY REPORT.

Documentation of the results of a particular compliance study effort. The reports recommend whether to conclude research or to continue and test a treatment for an identified issue of non-compliance.

Volume Less than 1 cubic foot

Records Control Schedule for Servicewide Compliance Research
