TITLE

Director, Administrative Programs Division

Standard Form 115 (Rev. 3-91) Preceded by NARA
36 CFR 1228
The EFT Strategy Division (ESD) is responsible for developing strategies and systems, as well as conducting market research, to increase electronic funds transfer (EFT) for Federal payments. The division supports the expansion, enhancement, and implementation of cash management initiatives and programs designed to improve Governmentwide financial management objectives by enhancing the delivery of payments to the public. ESD provides Direct Deposit and Electronic Transfer Account (ETA) Program implementation by overseeing the Federal Reserve Bank of Dallas ETA operations, manages the compensation of ETA Providers, and monitors the performance of participating ETA Providers to ensure compliance with the ETA provisions.

1. Payment Products and Services Marketing Project Files. The Debt Collection Improvement Act of 1996 (DCIA) required that most Federal payments, except tax refunds be made by electronic funds transfer (EFT) after January 1, 1999. “EFT 99” was the Financial Management Service’s initiative to convert most of its nearly 1 billion annual payments from paper checks to electronic payments. This initiative is supported by conducting market research and a pilot marketing campaign – Go Direct. The Division develops fact sheets, brochures, take-one cards, tent cards, posters, public service announcements, videotapes, compact disks and other types of marketing materials to be used in the promotion of direct deposit and the ETA for Federal benefit payments. The Division also promotes direct deposit for tax refunds and vendor payments, and develops similar promotional materials for these types of payments.

Disposition:

Cut off files at the conclusion of the marketing campaign or specific marketing effort to which they relate. Transfer to the Washington National Records Center (WNRC) 1 year after cutoff. Destroy 6 years after cutoff.

2. Payment Products and Services Marketing Records.
