INACTIVE - ALL ITEMS SUPERSEDED OR OBSOLETE

Schedule Number: NC1-425-80-01

All items in this schedule are inactive. Items are either obsolete or have been superseded by newer NARA approved records schedules.

Description:

Item 1 superseded by N1-425-91-0001 item 353

Items 2 and 3 are flagged "Disposal Not Authorized," which means the records were identified but remained unscheduled. They were added to N1-425-91-0001 but were withdrawn from the schedule prior to approval.

Note: Items on N1-425-91-001 were lined out before approval to differentiate between those items that were new or modified and those which had not changed. The intention for the schedule was to approve all the items on the schedule and supersede prior disposition authorities.

Currently, the provisions of 31 USC 132 effectively prohibit the destruction of the records described in Items 2 and 3. Although these series do not have enduring historical value, a finite retention period can not be established until the law has been changed. Since all recent efforts to modify the law have failed, the Bureau anticipates a substantial delay in scheduling these records for final disposition. These two items will be resubmitted to NARS for approval when 31 USC 132 is amended.

This certifies that the records described on this form will be microfilmed in accordance with the standards set forth in 41 CFR 101-11.506.
