

NOTICE - SOME ITEMS SUPERSEDED OR OBSOLETE

Schedule Number: NC1-237-83-001

Some items in this schedule are either obsolete or have been superseded by new NARA approved records schedules. This information is accurate as of: 2/18/2025

ACTIVE ITEMS

These items, unless subsequently superseded, may be used by the agency to disposition records. It is the responsibility of the user to verify the items are still active.

All other items remain active

SUPERSEDED AND OBSOLETE ITEMS

The remaining items on this schedule may no longer be used to disposition records. They are superseded, obsolete, filing instructions, non-records, or were lined off and not approved at the time of scheduling. References to more recent schedules are provided below as a courtesy. Some items listed here may have been previously annotated on the schedule itself.

Item 11/1/A/1 is superseded by DAA-0237-2023-0009-0001 & DAA-0237-2023-0009-0002 in Part.

Note: Authority is being split between item 0001 and 0002. Authority is fully superseded between the two items.

Item 11/1/A/4 is superseded by DAA-0237-2023-0009-0003

Item 11/1/A/7/A is superseded by DAA-0237-2023-0009-0004

Items 13.3, 13.3/1, 13.3/2 and 13.3/A superseded by DAA-0237-2023-0017-0011

Item 8300 (8)Data Retained in the district office.
Destroy when one year old.

4. 5280 AIRPORT CERTIFICATION PROGRAM

(1) General Files. Correspondence, records, reports, etc., pertaining to program administration. Subject matter includes arrangement for airport inspections (but not the substance of the inspection), explanation and advice on certification matters in general (but not on the certification determination of a specific airport, fiscal programs, personnel management, etc. Excludes material described in subparagraphs (2) and (3) below.

(a) Office of Associate Administrator for Airports. Transfer to Federal Records Center when four years old. Federal Records Center destroy when twenty years old.

(b) Regional Airports Divisions. Transfer to Federal Records Center when four years old. Federal Records Center destroy when twenty years old.

(c) Airport District Offices. Destroy when four years old.

5. ~~(2) Airport Certification Files. Applications, Correspondence, certificates, operations manuals/specifications, inspection reports, enforcement actions, etc., pertaining to the status of a specific airport with respect to compliance (or noncompliance) with certification, award, denial, suspension, retention, revocation or return of a certificate.~~

~~(a) Office of Airport Standards. Airport certification files are the record responsibility of, regional elements of the Airports Program. For those cases where the Office of Airport Standards is operationally involved, compile the official record of that involvement and destroy nonrecord preparatory material. Transfer to Federal Records Center when four years old and send a copy of the record transmittal sheet to the associated region. Federal Records Center destroy when nine years old or when litigation in which records are involved is completed, whichever is later. See exceptions paragraph below.~~

~~(b) Regional Airports Divisions/District Offices/Field Offices. (The office of record responsibility varies according to regional practices.) Compile the official record and destroy nonrecord preparatory material. Transfer to Federal Records Center when four years old. Federal Records Center destroy when nine years old or when litigation in which records are involved is completed, whichever is later. See exceptions paragraph below.~~

~~(c) Exceptions to Subparagraphs (2)(a) and (2)(b) above. Airport operating certificates and airport operations manuals specifications have some unique characteristics which require special handling.~~

Withdrawn

CONTINUATION OF SF-115A

Sample or
Job No.

~~1. Office with record responsibility retain the official records of the application, approval, and award of the existent operating certificate of an airport until that certificate is terminated. Then, append those records to the termination documentation. For application of the retention and destruction standards, the date of the certificate termination action becomes controlling for this entire group of records (the certificate application, approval, award, and termination). Transfer to Federal Records Center four years after termination. Federal Records center destroy nine years later or when litigation in which records are involved is completed, whichever is later.~~

withdrawn

~~2. For airport operations manuals/specifications, the date of cancellation (of individual pages or in total) is controlling for application of the retention and destruction standards. Destroy when superseded or canceled.~~

~~6. (3) Program policy and guidance files. Documents which: establish policy and guidance program-wide and the development of the policy and guidance which documents program.~~

~~(a) Office of Airports Standards. Compile the official record and destroy nonrecord preparatory material. For program policy and guidance files, the date the establishing document is cancelled or superseded is controlling for the application of the retention and destruction standards. Transfer to Federal Records Center when four years old. Federal Records destroy when nine years old or when litigation in which records are involved is complete, whichever is later.~~

withdrawn

~~7. 8700 General Aviation Operation - Pilot Examiners Certification Program~~

~~(1) 8700 Pilot Examiner Standardization Program files. Letters, reports, procedures for designating pilot examiners, correspondence signed by the Associate Administrator for Administration, recurrent Pilot Examiners Standardization Training Course outline, course objectives, policy and procedure changes, documents pertaining to program goals, Congressional data outlining FAR-61 and 141 which deals with upgrading pilot training standards and documents on the development of pilot examiners courses. Permanent. Transfer to Federal Records Center when five years old. Offer to NARS when fifteen years old.~~

withdrawn

Sample or
Job No.

~~(2) General Correspondence files. Routine Correspondence~~
pertaining to course schedule files, letters by regions, briefing notes, letters pertaining to rental/lease of video equipment, reports containing records of attendance and attendees performance. Transfer to Federal Records Center when four years old. Federal Records Center to destroy six years after receipt.

(3) Initial and Recurrent Examiners. Records containing pilot examiners test results, course schedules, pilot examiners registration, type of training i.e., airplane, balloon, glider, rotorcraft, etc. Course comments, questionnaires, records of conferences, and telephone calls. Reports on pilot examiners standardization courses, and planning schedules for workshops assignments. Pilot examiners list, containing a catalog of pilot examiners by regions, district, and designations. Destroy when four years old.

withdrawn

(4) Statistical Data. Computer generated statistical data used for evaluations of pilot examiners by cause factors e.g., Accident/incident violations. Transfer to Federal Records Center when four years old. ~~Federal Records Center destroy when ten years old.~~

~~8. 22. PHYSICAL AND NATURAL SCIENCES. These records are created in connection with research and development programs relating to the High Altitude Pollution Program, to determine the environmental effects on the atmosphere of high altitude aircraft exhaust emissions. The program develop standards, procedures, and the performance of aircraft engine components, for reducing pollutant emissions at high altitudes.~~

9900 GENERAL RECORDS

9. (1) General Correspondence files. Correspondence, reports and relating materials documenting scientific data of specific projects of energy efficient engine component development and integration; advanced turbine engines, kinetic study of the reaction of H3O2 with NO2; stratosphere-to-troposphere transfer using radioactive tracer data in a one-dimensional parameterization; ultraviolet absorption cross sections of HO2HO2 Vapor; applicability of two and one dimensional parameterization of atom atmospheric tracer transports to prognostic photochemical models of the stratosphere; perturbation of atmospheric mechanism by emission from aircraft; and generalized transport-tensor for two-dimensional Eulerian models. Permanent. Transfer to Federal Record Center when five years old. Federal Records Center offer to NAR ten years later.

withdrawn
