</table>

* 1. (8) Master tape record. Erase after microfilming and film is determined to be an adequate substitute.

* 2. (b) Microfilm of the taped data. Destroy when five years old.
CONTINUATION OF SF-115A

* 1 Mechanical Interruption Summary (MIS) System Data Files.

Data Retained in the district office.
Destroy when one year old.

4. 5280 AIRPORT CERTIFICATION PROGRAM

(1) General Files. Correspondence, records, reports, etc., pertaining to program administration. Subject matter includes arrangement for airport inspections (but not the substance of the inspection), explanation and advice on certification matters in general (but not on the certification determination of a specific airport, fiscal programs, personnel management, etc. Excludes material described in subparagraphs (2) and (3) below.

(a) Office of Associate Administrator for Airports. Transfer to Federal Records Center when four years old. Federal Records Center destroy when twenty years old.

(b) Regional Airports Divisions. Transfer to Federal Records Center when four years old. Federal Records Center destroy when twenty years old.

(c) Airport District Offices. Destroy when four years old.

5. (2) Airport Certification Files. Applications, correspondence, certificates, operations manuals/specifications, inspection reports, enforcement actions, etc., pertaining to the status of a specific airport with respect to compliance (or noncompliance) with certification, award, denial, suspension, retention, revocation or return of a certificate.

(a) Office of Airport Standards. Airport certification files are the record responsibility of regional elements of the Airports Program. For those cases where the Office of Airport Standards is operationally involved, compile the official record of that involvement and destroy nonrecord preparatory material. Transfer to Federal Records Center when four years old and send a copy of the record transmittal sheet to the associated region. Federal Records Center destroy when nine years old or when litigation in which records are involved is completed, whichever is later. See exceptions paragraph below.

(b) Regional Airports Divisions/District Offices/Field Offices. (The office of record responsibility varies according to regional practices.) Compile the official record and destroy nonrecord preparatory material. Transfer to Federal Records Center when four years old. Federal Records Center destroy when nine years old or when litigation in which records are involved is completed, whichever is later. See exceptions paragraph below.

(c) Exceptions to Subparagraphs (2)(a) and (2)(b) above. Airport operating certificates and airport operations manuals specifications have some unique characteristics which require special handling.
CONTINUATION OF SF-115A

1. Office with record responsibility retain the official records of the application, approval, and award of the existent operating certificate of an airport until that certificate is terminated. Then, append those records to the termination documentation. For application of the retention and destruction standards, the date of the certificate termination action becomes controlling for this entire group of records (the certificate application, approval, award, and termination). Transfer to Federal Records Center four years after termination. Federal Records center destroy nine years later or when litigation in which records are involved is completed, whichever is later.

2. For airport operations manuals/specifications, the date of cancellation (of individual pages or in total) is controlling for application of the retention and destruction standards. Destroy when superseded or canceled.

6. (3) Program policy and guidance files. Documents which: establish policy and guidance program-wide and the development of the policy and guidance which documents program.

   (a) Office of Airports Standards. Compile the official record and destroy nonrecord preparatory material. For program policy and guidance files, the date the establishing document is cancelled or superseded is controlling for the application of the retention and destruction standards. Transfer to Federal Records Center when four years old. Federal Records destroy when nine years old or when litigation in which records are involved is complete, whichever is later.

7. 8700 General Aviation Operation - Pilot Examiners Certification Program

   (1) 8700 Pilot Examiner Standardization Program files. Letters, reports, procedures for designating pilot examiners, correspondence signed by the Associate Administrator for Administration, recurrent Pilot Examiners Standardization Training Course outline, course objectives, policy and procedure changes, documents pertaining to program goals, Congressional data outlining FAR-61 and 141 which deals with upgrading pilot training standards and documents on the development of pilot examiners courses. Permanent. Transfer to Federal Records Center when five years old. Offer to HARS when fifteen years old.
(2) General Correspondence files. Routine Correspondence pertaining to course schedule files, letters by regions, briefing notes, letters pertaining to rental/lease of video equipment, reports containing records of attendance and attendees' performance. Transfer to Federal Records Center when four years old. Federal Records Center to destroy six years after receipt.

(3) Initial and Recurrent Examiners. Records containing pilot examiners' test results, course schedules, pilot examiners' registration, type of training i.e., airplane, balloon, glider, rotorcraft, etc. Course comments, questionnaires, records of conferences, and telephone calls. Reports on pilot examiners' standardization courses, and planning schedules for workshops assignments. Pilot examiners list, containing a catalog of pilot examiners by regions, district, and designations. Destroy when four years old.

(4) Statistical Data. Computer generated statistical data used for evaluations of pilot examiners by cause factors e.g., Accident/incident violations. Transfer to Federal Records Center when four years old. Federal Records Center destroy when ten years old.

8. PHYSICAL AND NATURAL SCIENCES. These records are created in connection with research and development programs relating to the High Altitude Pollution Program, to determine the environmental effects on the atmosphere of high altitude aircraft exhaust emissions. The program develop standards, procedures, and the performance of aircraft engine components, for reducing pollutant emissions at high altitudes.

9900 GENERAL RECORDS

9. (1) General Correspondence files. Correspondence, reports and relating materials documenting scientific data of specific projects of energy efficient engine component development and integration; advanced turbine engines, kinetic study of the reaction of H302 with NO2; stratosphere-to-troposphere transfer using radioactive tracer data in a one-dimensional parameterization; ultraviolet absorption cross sections of H2O/Vapor; applicability of two and one dimensional parameterization of atom atmospheric tracer transports to prognostic photochemical models of the stratosphere; perturbation of atmospheric mechanism by emission from aircraft; and generalized transport-tensor for two-dimensional turbulence models. Permanent. Transfer to Federal Record Center when five years old. Federal Records Center offer to NAR ten years later.
(1) General correspondence files. Routine correspondence files, reports, engineering drawings, and related documents accumulated in the administration and operation of programs for survey, installation, construction, maintenance, and inspection of air navigation facilities, equipment, and the determination of requirements for procurement, manufacture, and distribution of equipment, but EXCLUDING files described elsewhere in this paragraph.

(2) Project case files. Case files maintained by Washington headquarters and regional headquarters offices relating to the engineering construction, and installation of facilities.

* (3) Facilities establishment files. Files maintained by Washington headquarters and regional headquarters offices relating to the engineering construction, and installation of facilities.

(a) Agency of primary interest. Permanent. Transfer to the Federal Records Center when inactive. Record to be destroyed when inactive. (2) Original records. Microfilm in accordance with 41 CFR 101-11.504. Destroy original record after microfilm is determined to be an adequate substitute for paper records.

(b) Program case files. Microfilm in accordance with 41 CFR 101-11.504. Destroy original record when microfilm is determined to be an adequate substitute for paper records. Transfer silver original records and one copy to NARS for permanent preservation.

(c) Project case files. Microfilm in accordance with 41 CFR 101-11.504. Destroy original record after microfilm is determined to be an adequate substitute for paper records. Microfilm in accordance with 41 CFR 101-11.504.

1. If microfilm is determined to be an adequate substitute for paper records. Microfilm in accordance with 41 CFR 101-11.504. Destroy original record after microfilm is determined to be an adequate substitute for paper records.

2. Destroy five years after decommissioning of related facility. If microfilm is determined to be an adequate substitute for paper records. Microfilm in accordance with 41 CFR 101-11.504.

3. Destroy five years after decommissioning of related facility. If microfilm is determined to be an adequate substitute for paper records. Microfilm in accordance with 41 CFR 101-11.504.

4. Destroy five years after decommissioning of related facility. If microfilm is determined to be an adequate substitute for paper records. Microfilm in accordance with 41 CFR 101-11.504.

5. Destroy five years after decommissioning of related facility. If microfilm is determined to be an adequate substitute for paper records. Microfilm in accordance with 41 CFR 101-11.504.

6. Destroy five years after decommissioning of related facility. If microfilm is determined to be an adequate substitute for paper records. Microfilm in accordance with 41 CFR 101-11.504.

7. Destroy five years after decommissioning of related facility. If microfilm is determined to be an adequate substitute for paper records. Microfilm in accordance with 41 CFR 101-11.504.

8. Destroy five years after decommissioning of related facility. If microfilm is determined to be an adequate substitute for paper records. Microfilm in accordance with 41 CFR 101-11.504.

9. Destroy five years after decommissioning of related facility. If microfilm is determined to be an adequate substitute for paper records. Microfilm in accordance with 41 CFR 101-11.504.

10. Destroy five years after decommissioning of related facility. If microfilm is determined to be an adequate substitute for paper records. Microfilm in accordance with 41 CFR 101-11.504.
CONTINUATION OF SF-115A

8040 REGULATORY RECORDS

* 11. (1)

(a) Agency Office of Primary Interest, Civil Air Regulations (CARS), Federal Aviation Regulations (FARs) and Airworthiness Directives.

1. Original records. Microfilm in accordance with 41 CFR 101.11.504. Destroy original records after microfilm is determined to be an adequate substitute for paper records.

2. Microfilm of original records. Destroy fifteen years after the issued date of final rule or withdrawal notice.

3. If not microfilmed. Transfer to Federal Records Center ten years from the issued date of final rule or withdrawal notice. Federal Records Center destroy five years after receipt.

* 4. Special conditions. Transfer to the Federal Records Center two years from issued date. Federal Records Center destroy three years after receipt.

* 5. Airworthiness and Operations Review Program and related rulemaking activities.

(a) Original records. Microfilm in accordance with 41 CFR 101-11.504. Destroy original records after microfilm is determined to be an adequate substitute for paper records.

(b) Microfilm of original records. Destroy fifteen years from the issued date of final rule or withdrawal notice.

(c) If not microfilmed. Transfer to Federal Records Center two years from the issued date of final rule or withdrawal notice.

(a) Original records. Microfilm in accordance with 41 CFR 101-11.504. Destroy original records after microfilm is determined to be an adequate substitute for paper records.

(b) Microfilm of original records. Destroy five years from the denial date.

(c) If not microfilmed. Transfer to Federal Records Center two years from the denial date. Federal Records Center destroy three years after receipt.
* 7 Petitions for exemptions.

(a) Original records. Microfilm in accordance with 41 CFR 101-1.504. Destroy original records after microfilm is determined to be an adequate substitute for paper records.

(b) Microfilm of original records. Destroy five years from the grant or denial date.

(c) If not microfilmed. Transfer to Federal Records Center two years from the grant or denial date. Federal Records Center destroy three years after receipt.

* 8 Petitions for reconsideration of operations specifications.

(a) Original records. Microfilm in accordance with 41 CFR 101-11.504. Destroy original records when microfilm is determined to be an adequate substitute for paper records.

(b) Microfilm of original records. Destroy five years from date of amendment or denial date.

(c) If not microfilmed. Transfer to the Federal Records Center two years from the date of amendment or denial. Federal Records Center destroy three years after receipt.

12. 2100 RULES AND REGULATIONS RECORDS

*1 Dockets relating to substantive rules that attracted great public or industry attention and response; signified an advance in aerotechnology, had significant impact on general aviation commercial flying, or signified a major development in the history of the agency, AS SELECTED BY THE OFFICE OF GENERAL COUNSEL (OGC). Permanent. Transfer to Federal Records Center thirty years after close of file. Offer to NARS twenty five years later.

(a) If Microformed.

(b) Original records. Microfilm in accordance with 41 CFR 101-11.504. Destroy original records when microfilm is determined to be an adequate substitute for paper records.

(c) Microfilm of original records. Permanent. Offer to National Archives and Records Services (NARS) record copy of microfilm/microfiche with accompanying subject index when filing is complete. In 10 year blocks when the latest records are 30 years old.
CONTINUATION OF SF-115A

2 Unselected dockets. Transfer to Federal Records Center thirty years after close of file. Federal Records Center destroy twenty-five years later.

a. If Microformed.

b. Original records. Microfilm in accordance with 41 CFR 101-11.504. Destroy original records when microfilm is determined to be an adequate substitute for paper records.

c. Microfilm of original records. Destroy fifty-five years after close of file.

(b) Exemption dockets (non-medical).
Transfer to Federal Records Center five years after termination date. Federal Records Center destroy five years later.

a. If Microformed.

1. Original records. Microfilm in accordance with 41 CFR 101-11.504. Destroy original records after microfilm is determined to be an adequate substitute for paper records.

2. Microfilm of original records. Destroy ten years after termination date.

(c) Exemption dockets (Medical).

1. Denied exemptions. Transfer to Federal Records Center two years after close of file. Federal Records Center destroy five years later.

a. If Microformed.

b. Original records. Microfilm in accordance with 41 CFR 101-11.504. Destroy original records when microfilm is determined to be an adequate substitute for paper records.

c. Microfilm of original records. Destroy seven years after close of file.

2. Granted exemptions. Transfer to Federal Records Center two years after close of file. Federal Records Center destroy thirty years later.
a. If Microformed.

b. Original records. Microfilm in accordance with 41 CFR 101-11.504. Destroy original records when microfilm is determined to be an adequate substitute for paper records.

* (d) Special conditions dockets. Transfer to Federal Records Center thirty years after close of file. Federal Records Center destroy when FAA cancels type certificate of aircraft.

a. If Microformed.

b. Original records. Microfilm in accordance with 41 CFR 101-11.504. Destroy original records when microfilm is determined to be an adequate substitute for paper records.

c. Microfilm of original records. Destroy when FAA cancels type certificate of aircraft.

* (e) Airworthiness directives dockets (Issued in Washington, D.C.). Order Transfer to Federal Records Center when thirty years old. Federal Records Center destroy when FAA cancels type certificate.

a. If Microformed.

b. Original records. Microfilm in accordance with 41 CFR 101-11.504. Destroy original records when microfilm is determined to be an adequate substitute for paper records.

c. Microfilm of original records. Destroy when FAA cancels type certificate.

* (f) Denials and dispositions of petitions for rulemaking dockets. Transfer to Federal Records Center ten years after issue of denial. Federal Records Center destroy twenty-five years later.

a. If Microformed.

b. Original records. Microfilm in accordance with 41 CFR 101-11.504. Destroy original records when microfilm is determined to be an adequate substitute for paper records.

c. Microfilm of original records. Destroy thirty-five years after issue of denial.

* (h) Washington airspace dockets. Transfer to Federal Records Center five years after close of case. Federal Records Center destroy ten years later.
CONTINUATION OF SF-115A

a. If microformed.

b. Original records. Microfilm in accordance with 41 CFR 101-11.504. Destroy original records when microfilm is determined to be an adequate substitute for paper records.

c. Microfilm or original records. Destroy fifteen years after close of case.

13. (3) National Transportation Safety Board (NTSB) Recommendations. Order Case files of safety recommendations, resulting from accidents/ incidents of various aircraft, correspondence and documents used in the development and formation of airworthiness directives (ADs). Correspondence address to the FAA Administrator and Congressional responses. Place in inactive file when five years old. Transfer to Federal Records Center when ten years old from issued date of ADs. Federal Records Center destroy five years later.

a. If microformed.

b. 1 Original records. Microfilm in accordance with 41 CFR 101-11.504. Destroy original records when microfilm is determined to be an adequate substitute for paper records.

c. Microfilm of original records. Destroy twenty years from issued date of ADs.

14. (4) Preambles and Code of Federal Regulations (CFRs). Order History sheets, background and justification of rules pertaining to CARs, FARs, and CFRs, as they relate to aviation safety rule-making activities.

(a) Preamble, CFR, and history sheets. Microfilm a five year block in accordance with 41 CFR 101-11.504. Destroy paper record when microfilm is determined to be an adequate substitute. DO NOT TRANSFER TO FEDERAL RECORDS CENTER.

(b) Microfilm of original records. Permanent Two film copies will be offered to National Archives and Records Services upon filming and verification of quality of film. Destroy when no longer needed for administrative use.
CONTINUATION OF SF-115A

15. Routine control files

Papers used to facilitate or control work in progress, such as job control records, status cards, routing slips, work progress sheets, statistical tabulating aids such as punched cards, and records which control work and record action taken.

(a) Original records. Microfilm in accordance with 41 CFR 101-11.504. Destroy original records after microfilm is determined to be an adequate substitute for paper records.

(b) Microfilm of original records. Destroy when work is completed or when no longer needed for operating purposes. DO NOT transfer to Federal Records Center.

(c) All other. Destroy when work is completed or when no longer needed for operating purposes. DO NOT transfer to Federal Records Center.

16. Official contract, purchase order, and lease files. Case files documenting the initiation and administration of procurement transactions, including negotiation, award, administration, inspection, testing, acceptance and payment. (Note: This item does not relate to any contract files stored at the Aeronautical Center as vital records.)

(a) Transactions of more than $10,000 and all construction contracts exceeding $2,000, dated after July 25, 1974. Transfer to Federal Records Center after final payment. Federal Records Center destroy six years and three months after receipt.
