**US Department of Transportation (DOT)
National Highway Traffic Safety Administration (NHTSA)
The Office of the Executive Correspondence Unit**

Name of Electronic System: CCMMercury System

Purpose of the System:

The CCMMercury System is a correspondence tracking (or control) system which (1) provides a central repository for agency correspondence, (2) tracks and manages correspondence, and (3) tracks agency correspondence letters, and provides information on correspondence. The system is used to facilitate electronic assignment, routing, and tracking of the flow of correspondence inside and outside NHTSA, and to assist in the development of draft responses. The original documents can be scanned for distribution, while originals are retained by the Records Management Division in accordance with approved disposition schedules.

Note: Associated records are disposed of in accordance with DOT Record Schedules and/or the appropriate NARA General Records Schedules.

~~1 **Inputs:** (Includes inputs from other systems) Correspondence is received from the general public, Congress, the auto industry as well as Federal and State agencies. Data about this correspondence is entered into CCMMercury.~~

~~— **Disposition:** Temporary. Delete/destroy when data have been entered into the master file or database and verified, or when no longer needed to support reconstruction of, or serve as backup to, the master file or database, whichever is later (GRS 20, Item 2).~~

2 **Master File:** Data Information about correspondence such as Congressionals, Freedom of Information Act (FOIA) requests, Petitions, Reports to Congress and correspondence generated within the Department, reports signed by the Administrator/Deputy Administrator or Secretary/Deputy Secretary.

Disposition: Temporary. Cut off at end of fiscal year. Delete/destroy when 10 years old, or when no longer needed for other operational purposes.

~~3—**Outputs:** (Includes outputs from other systems) Routing cover sheets which give summaries of the correspondence and the disposition~~

~~**Disposition:** Temporary Delete/destroy when no longer needed for administrative, legal, audit or other operational purposes (GRS 20, Item 5, 6)~~

~~4—**System Documentation:** System documentation is located within the Office of the Executive Correspondence, in the National Highway Traffic Safety Administration (NHTSA), in Washington, D.C. System documentation consists of operating manuals for the software application, user manuals, description of operating environment, software/hardware operating requirements, administrative procedures, system administrator operating instructions and procedures, business rules, and office operating procedures~~

~~—**Disposition:** Temporary Delete/destroy when the CCMMercury system is superseded or becomes obsolete (GRS 20, Item 11)~~
