	This schedule covers and provides disposition authority for NHTSA electronic record, Management Activity and Planning System (MAPS), in the Office for Planning, Administrative, and Financial Management, in the Washington Headquarters Office of the National Highway Traffic Safety Administration (NHTSA).		

## **The Management Activity and Planning System (MAPS)**

The National Highway Transportation and Safety Administration (NHTSA) initiated the Management Activity and Planning System (MAPS) in September 2007. MAPS is a centralized project portfolio management system intended to increase the overall efficiency and effectiveness of NHTSA's business operation by providing insight into project objectives, schedules, milestones, spending history and budget requirements. All organizations in NHTSA use this system for to support NHTSA programs and/or projects.

MAPS integrates document management and project management toolsets, and is supplemented by Department of Transportation (DOT) procurement and financial data. Two customized COTS tools support MAPS: (1) Ecosys, which supports project cost management, capital planning, budgeting and forecasting, and other financial planning aspects of MAPS; and (2) Primavera, a project portfolio management system centralizing management of processes, methods, and technologies used by project managers to analyze and collectively manage a group of current or proposed projects based on numerous key characteristics.

System Inputs are covered by General Record Schedule 20, Item 2

System Outputs are covered by General Records Schedule 20, Items 4, 5, 6, and 12

Documentation is covered by General Records Schedule 20, Item 11.

### **Item 1. Management Activity and Planning System (MAPS) Master Data File(s)**

MAPS contains information germane to the management of NHTSA projects, such as schedules, milestones, and status; capital and financial planning and tracking; and names of business units and employees within NHTSA associated with various projects.

Records created by MAPS are filed in appropriate NHTSA recordkeeping systems.

**Disposition: TEMPORARY.** Destroy/Delete when the agency no longer needs electronic information for business/reference.
