Records Schedule Items

Sequence Number	
1	<p>Case file Records</p> <p>Databases*: SAS (Statistical Analysis System) datasets and databases are maintained by the Office of Enrollment & Forecasting (OE&F) (e.g., Survey of Enrollees, Enrollment Files, Travel Time files, OE&F extract, Workload files, and Fee files). These data are key inputs to the enrollment projection model, which is updated annually. Additionally, OE&F archives various SAS datasets that are outputs of the VA Enrollee Health Care Projection Model (EHCPM) (e.g., Veteran, enrollment, utilization, cost projections, and baseline workload files).</p> <p>SAS Code*: Statistical programs used to manipulate the databases above; often these programs are used to support adhoc data requests and other analytical case studies.</p> <p>Budget Reports: Report Writers – SAS-based model with an Excel interface that allows users to report summary level data output.</p> <p>Budget Impact Analyses – Separately quantifies the key drivers of changes in the enrollment, utilization, and expenditure projections over time. These reports include the annual impacts associated with all of the other factors (e.g., Net Enrollment Growth, Priority Level Transition, Geographic Migration, Mix Changes, and all Trend and benefit change components as well as estimated annual trend.</p> <p>Tools: Educational tools (e.g., MS Excel workbooks that display changes in enrollment rates by year) increase the transparency of the EHCPM. These tools include organized data in usable formats for programs for planners, which assists in separately quantify the key drivers of changes in the enrollment, utilization, and expenditure projections over time. These tools explain why projections change from one version of the EHCPM to the next. Additionally, these tools may be required at varying levels of demographic and geographic detail. Examples of the current transparency tools include the Mental Health Workbook, Facility Baseline Reporting Tool, Enrollment Key Driver Tool, Enrollment Increment and Decrement Tool, the Utilization Key Driver Tools, and the Budget Impact Analysis.</p> <p>Training Material*: Training material files include training aids (MS PowerPoint presentations, MS Word documents, etc.) that help to ground stakeholders in understanding various aspects of the EHCPM. These files may include preparation instructions and documents relating to analyses.</p> <p>Briefing Material*: Briefing material files are created by VHA OPP (Office of Policy and Planning) for internal use in briefing the Secretary of the Department of Veterans Affairs, the Under Secretary for Health, the Principal Deputy Under Secretary for Health, and/or other VA or Executive Branch officials or offices. Typically, the briefings involve communicating major changes in the EHCPM due to annual updates.</p>
