<i>1</i>	<p>Income Verification Match (IVM) worksheets contain the printed output of computer matches with VA and the Internal Revenue Service (IRS) and Social Security Administration (SSA). The output contains the unreported Federal Tax Information (FTI) of veterans in receipt of compensation based on individual unemployability (IU), and recipients of pension and Parents' Dependency and Indemnity Compensation (DIC). This information on these worksheets is very sensitive. The worksheets are maintained in locked files. VA field employees destroy these worksheets. These worksheets cannot be retired to a Federal Records Center or destroyed by a contractor. We propose to allow destruction of IVM worksheets 30 days following the appeal period (this is typically 1 year after the Pension Management Center notifies the beneficiary of its decision, unless the claimant appeals). We request authorization to immediately destroy "no action necessary" IVM worksheets.</p> <p>The records on this appraisal and SF115 are considered temporary and destroyed after expiration of their specific retention periods.</p> <p><u>Disposition.</u> Due to the sensitive nature of these documents, they are prohibited from permanent preservation by the National Archives. The records are to be disposed of in the following manner:</p> <p>1 Destroy IVM worksheets 30 days after the appeal period has expired 2 Destroy IVM worksheets immediately that require no action</p>
