7. ITEM NO.	8. DESCRIPTION OF ITEM <i>(With Inclusive Dates or Retention Periods)</i>	9. GRS OR SUPERSEDED JOB CITATION	10. ACTION TAKEN <i>(NARS USE ONLY)</i>
	Department of Veterans Affairs Perpetual Medical Records and Patient Locator Files of Patients As part of the appraisal for the Medical Records Folder File, National Archives Job Authority NI-15-87-4, Perpetual Medical Records and the Patient Locator Files were scheduled for retention and disposition with NARA (National Archives and Records Administration). Implementation of Public Law 97-72, Veterans Health Care Training and Small Business Loan Act of 1981, necessitates expanding the description of the Perpetual Medical Record File and increasing retention requirements for the related Patient Locator File. Veterans' Medical Records Folder Files are retained at VA medical facilities for 3 years after the last episode of patient care. After 3 years of patient inactivity, the Inactive Medical Records are separated into sections of Perpetual Medical Records and remaining Inactive Medical Records. Inactive Medical Records are then retired to the nearest servicing FRC (Federal records center) for storage. If the Inactive Medical Records are not recalled for reactivation, they will be destroyed at FRCs after 72 years from the date of transfer (i.e., 75 years from the date of the last episode of patient activity). Perpetual Medical Records are retained for the remaining 72 years at VA medical facilities.		4 items
