GENERAL RECORDS SCHEDULE 23

Records Common to Most Offices Within Agencies

This schedule provides for the disposal of certain records common to most offices in Federal agencies. It covers administrative subject files; facilitative records such as suspense files, tracking and control records, calendars, and indexes; and transitory documents; as well as certain types of records created in electronic form on stand-alone or networked micro- and mini-computers.

Office Administrative Files described under item 1 are records retained by an originating office as its record of initiation of an action, request, or response to requests for information. This item may be applied only to separate administrative files containing such records as copies of documents submitted to other offices for action including budget feeder documents, purchase orders, training requests. Item 1 may not be applied to files that also contain program records, and it may not be applied by an office that receives and takes action on documents submitted by other offices.
