25 items

GENERAL RECORDS SCHEDULE 12

Communications Records

The principal records documenting communication functions include messenger service data, telecommunications service control and operational records; summary of long distance telephone reports; postal records, consisting of post office forms and supporting papers; mail control records and supporting and related papers; agency copies of penalty mail reports; and records relating to private delivery services (such as United Parcel Service).

This schedule covers the records described below, wherever located in an agency, but it does not cover records which reflect Government-wide programs, such as records held by the U. S. Postal Service and the Automated Data Telecommunications Service of the General Services Administration, rather than administrative management functions. Any records created prior to January 1, 1921, must be offered to the National Archives and Records Service before applying these disposition instructions.
