GENERAL RECORDS SCHEDULE 6

Accountable Officers' Accounts Records

This general schedule covers accountable officers' returns and related records, including records under the cognizance of the General Accounting Office. This schedule does not apply to the copies of schedules and related paper held by the Chief Disbursing Officer of the Treasury. Any records created prior to January 1, 1921, must be offered to the National Archives and Records Service before applying these disposition instructions.

Accountable officers' accounts include record copies of all records concerned with the accounting for, availability, and status of public funds. There are several types of "accountable officers," such as: (a) the collecting officer, who receives monies owed to the Federal Government and ensures that it is credited to the proper account; (b) the disbursing officer who is responsible for providing documentation to the General Accounting Office as he accomplishes the actual payment of public monies to proper Federal creditors; and (c) the certifying officer, whose signature on a summary attests to the authenticity of vouchers listed on the schedule.

Disbursements for most civilian Government agencies, are made by the Chief Disbursing Officer of the Treasury, who heads the Bureau of Government Financial Operations within the Treasury Department. Since July 1949, disbursements have been made for most agencies on the basis of certified schedules, with the detailed vouchers transferred to the General Accounting Office from the agency or held in agency space if site audit was involved. This procedure was extended and confirmed by General Accounting Office General Regulations No. 115, issued January 29, 1952, which promulgated a standard form voucher and schedule of payments (Standard Form 1166 and 1167) for use by all agencies effective July 1, 1952, and formally eliminated the transfer of vouchers of the Chief Disbursing Officer.

This schedule has been revised to include records held for on-site audit by the General Accounting Office, as described in Item la below. Under on-site audit, vouchers, contracts, schedules, statements of transactions and accountability and other related supporting documents are retained in agency space for the General Accounting Office auditors. Section 5 of the Post Office Department Financial Control Act of 1950 and Section 117(b) of the Budget and Accounting Procedures Act of 1950 (whenever the Comptroller General determines that audit shall be conducted at the site) require agencies to retain these records, which are under General Accounting Office cognizance. The General Accounting Office has given general authority to the agencies, if the records are no longer required for administrative purposes to transfer all audited records and any unaudited records more than
one full fiscal year old to Federal Records Centers. However, to transfer unaudited accountable officers' accounts less than one year old, permission must be obtained from the Director, Office of Administrative Services, GAO. Because the records heretofore transferred to the General Accounting Office are retained in the agency and available, some agencies have eliminated the creation of memorandum copies as described in Item 1b of this schedule.

Records relating to the availability, collection, and custody of funds include (1) the appropriation warrants, (2) other documents which deposit funds into the Treasury, and (3) documents which provide accountable officers with status reports on funds in their custody, such as the proofs of depository account and statements of funds to their credit. Agency copies of these deposit and status documents are so intimately related to the accounts of these officers that they are included in this schedule. The copies received by the Fiscal Service of the Treasury Department are not covered by this schedule and are provided for in separate schedules.

### Item No. Description of Records Authorized Disposition

1. Accountable Officers' Files.

   a. Original or ribbon copy of accountable officers' accounts maintained in the agency for site audit by GAO auditors, consisting of statements of transactions, statements of accountability, collection schedules, collection vouchers, disbursement schedules, disbursement vouchers, and all other schedules and vouchers or documents used as schedules or vouchers, exclusive of freight records and payroll records. If an agency is operating under an integrated accounting system approved by GAO, certain required documents supporting vouchers and/or schedules are included in the site audit records. These records document only the basic financial transaction, money received and money paid out or deposited, in the course of operation of the agency. All copies except the certified payment or collection copy, usually the original or ribbon copy, and all additional or supporting documentation not involved in an integrated system are covered by succeeding items in this schedule.
