Background Information This schedule covers Railroad Retirement Board (RRB) microfilm records from 1937-1959 (BA-6 Annual Statement Showing Monthly Compensation Records and Total Service and Compensation). Railroad Retirement Board records are stored at SSA's facility located in Boyers PA. They were used to report RRB earnings to SSA; these are non-covered earnings. The BA-6 form and associated G-201 listings were sent to SSA between 1937 and 1959. Requests for the records are rare and there are no recent requests. These records are not covered by the Master Earnings File (MEF) and since there is no business or programmatic need for these records within the agency, and they are no longer forwarded to SSA by the RRB, we are proposing a one-time disposal with this stand-alone schedule
