Description of Records

This is the Analysis of Requirements and System Specifications for a proposed new Annual Wage Reporting System. Implementation of the system was not approved. The analysis and specifications were written under contract by Group Operations, Inc. and Analytical Systems Inc. The documents were preliminary to actual systems software development. The decision not to implement the system was made in 1985.
Proposed Disposition

(Because of interest from Congress and the General Accounting Office, SSA is requesting a deviation from the 1 year retention period authorized by General Records Schedule 20, Part III, Item 1).

Transfer immediately to WNRC (3 cubic feet).
Destroy when 7 years old (January 1993).
