PROGRAM SERVICE CENTERS FILES

The records described in this Appendix are created in the administration of the Retirement and Survivors Insurance Program pursuant to Title II of the Social Security Act. They are filed in the Program Service Centers (PSC). However, all of the records are not maintained in any single office. Under certain circumstances PSC's also process Disability Insurance (DI) workloads.

Description of Records

1. Administrative Records

a. Personnel Records

(1) *Operating Officials' Records*

These records consist of working copies of employee records used by and authorized for operating and administrative levels in SSA. The official copies of these records are maintained elsewhere, such as personnel, budget, or payroll offices. (5) Training Reports

These documents report actual training progress and accomplishments. Included are Forms SSA-759, SSA Training Report; SSA-1946, Report on Training Courses Authorized; and equivalent documents.

Authorizing Office

Destroy 5 years after the year in which dated, except that records may be destroyed after 2 years if a Departmental or Office of Personnel Management (formerly Civil Service Commission) evaluation of the training function has been completed.

Other Offices

Destroy 2 years after the year in which dated.

b. Facilities Management Records**(1) Records Management Reports**

These documents accumulate in the preparation of Form SSA-3121, Report of Selected Records Management Activities, and other records management reports, such as reports of filing cabinet requirements. Included are source documents, retained copies of the reports, and equivalent material.

Destroy 1 year following the year in which dated.

(2) Individual Procurement Transactions

These records consist of copies of requisitions, purchase orders, invoices, receiving reports, and comparable contractual instruments which are maintained for administrative purposes by facilities management offices within the PSCs.

Destroy 2 years after the year in which dated, except that material reflecting transactions made under the provisions of ADS Guide BRSI.s:130-34, Small Purchase Procedures, must be retained for 3 years following the year in which the transaction is consummated.

(3) Government Bills of Lading

These files consist of retained copies of Government bills of lading relating to property shipped and property received.

Destroy when 3 years old.

(4) Government Bills of Lading Registers

These journals or logs contain data on each bill issued or accomplished, such as date of issue or accomplishment, consignee, and consignor.

Destroy when 3 years old.

(5) Forms Management Reports

These documents are created in reporting forms usage in the PSCs. Included are Form SSA-5097, Monthly Inventory Report of Major Usage Items Stocked in the Program Centers; quarterly reports of overprinted forms and comparable forms; related correspondence; and similar documents.

Destroy 1 year following the year in which dated.

(6) Motor Vehicle Usage Reports

These records consist of documents related to charges and costs for the use of and repairs to General Services Administration motor vehicles. Included are GSA Form M-494, GSA Motor Pool Charges; directly related papers; and similar documents.

Destroy 3 years after the year in which dated.

(7) Postal Services Reports

These files consist of Form SSA-6052, Report of Postal Services, or equivalent documents used to report PSC postal services costs.

Destroy when 1 year old.

Date

Appendix C (con.)

2. Social Security Program Administration Records**a. RSI and DI General Correspondence Files**

These documents relate to the general administration of the RSI and DI program. Included are copies of correspondence, memorandums, and similar papers concerning clarification of procedures, and technical advice and recommendations pertaining to changes in the program. Also included are routine comments on claims manual instructions, regulations, and other publications prepared by another office having primary responsibility.

Destroy when 3 years old.

b. Workload and Staffing Reports

These documents are created by the PSCs in evaluating workload and staffing requirements. Included are Management Information System Reports; Case Control Reports; Individual Employee Assessment System Reports; manpower reports and estimates, unit production records and reports, and daily and weekly staffing reports; and equivalent documents.

Destroy 2 years after the close of the calendar year in which dated. Earlier disposal is authorized.

c. Nonrecord Files

Nonrecord files include, but are not necessarily limited to, the following types:

Destroy 1 year following the year in which dated or 1 year after completion of the project, as applicable. Earlier disposal is authorized.

(1) Copies of documents maintained by action personnel which are duplicated in the official files of the PSC.

(2) Documents received for general information purposes that require no action and that are not required to document a particular action, case, or project.

(3) Notes, drafts, feeder reports, clippings, and other nonessential working papers that lead to the final results or findings in a project, study, or case. Excluded are formal recommendations, clearances, and similar material essential to the official file.

(4) Cards, listings, indexes, registers, and similar documents used in controlling or facilitating program work. Excluded are cards, listings, and registers for which specific disposition instructions are provided elsewhere in this schedule.

d. Microfiche File

Computer output microfiche files which are produced from the Master Beneficiary Record and received by the PSC from SSA headquarters. These files are either in an alphabetical or SSA arrangement and are used for reference purposes in locating and/or verifying beneficiary information.

(1) ALFICHE, a master update file received annually, containing an alphabetical listing of names, addresses and benefit information for beneficiaries and recipients of social security.

Retain one master set of each microfiche. Destroy 7 years after update. Destroy other sets when next updated set of microfiche is received.

(2) ALFIT, monthly updates of the ALFICHE containing an alphabetical listing of names and addresses of beneficiaries and recipients.

Retain one master set of each microfiche. Destroy 7 years after update. Destroy other sets when next updated set of microfiche is received.

(3) CSFICHE, the PSC Master beneficiary record, which is an annual update of beneficiary records for the PSC. It contains a listing of beneficiaries for the PSC's service area and is received after the benefit rate increase.

Retain one master set of each microfiche. Destroy 7 years after update. Destroy other sets when next updated set of microfiche is received.

Appendix C (con.)

Date

(4) BRISKEL, microfiche file containing skeletal information on annual conversions (cost-of-living increases), used when processing beneficiary actions subsequent to the conversion. Information on the BRISKEL fiche is similar to that on the CSFICHE.

Destroy when next updated BRISKEL fiche is received.

(5) RTFICHE, microfiche of the regular transcript file, produced monthly based on the PSC initiated postentitlement actions for that month.

Retain one master set of each microfiche. Destroy 7 years after update. Destroy other sets when next updated set of microfiche is received.

(6) RTSFICHE, microfiche of the special regular transcript files which are produced annually prior to the benefit rate increase and include any actions not on the RTFICHE.

Retain one master set of each microfiche. Destroy 7 years after update. Destroy other sets when next updated set of microfiche is received.

3. Automatic Data Processing (ADP) Records

a. ADP Reports

These records are accumulated by PSC computer processing offices. They contain management data on equipment, staffing, workload capacities, operation and maintenance costs, and on the overall effectiveness of ADP operations.

Destroy 2 years after the year in which dated.

b. Data Processing Activity Records

These documents are accumulated by computer processing offices in providing machine services to other offices within the PSC. These documents are used in the preparation and control of recurring and one-time tabulations, machine runs, reports, and similar data. These data are in turn used by other offices in fiscal, claims processing, reconsideration, exception processing, postentitlement, and various other functions. Included are master, detail, and summary punchcards and tapes; and copies of tabulations, machine runs, and reports.

(1) Individual cards or tapes which become obsolete as a result of routine updating of master files: Destroy 30 days after the update cycle.

(2) Remaining Files: Destroy on completion of next comparable report, when files have served their intended purpose, or after 30 days, whichever is later.

c. Data Processing Control and Balance Records

These records consist of documents maintained by PSC computer processing offices to verify cumulative balances reflected by master or detailed summary cards or tapes.

Destroy on supersession or obsolescence.

4. Management Records

a. PSC Reports

These records are weekly, monthly, and quarterly computer-generated reports which are used by budget management offices in establishing personnel and overtime requirements. The records are also used in the measurement of claims workload and other PSC operations.

(1) Weekly reports: Destroy when 6 months old.

(2) Monthly reports: Destroy when 1 year old.

(3) Quarterly reports: Destroy when 5 years old.

b. PACER Reports

These are weekly PSC reports which provide data on claims work, regular production, cyclical work, payment service activity, inquiry and problem cases, workload, staffing, and similar subjects. Included is Form SSA-1971, Weekly Program Center Report, or its equivalent, and related papers.

(1) Office responsible for consolidating report: Destroy when 3 years old, except that feeder reports and work papers may be destroyed when 1 year old or earlier, if they have served their purposes.

(2) Offices contributing to the report: Destroy when 1 year old or when purpose has been served, whichever is earlier.

Date

Appendix C (con.)

5. Postentitlement Source Documents

The records described below are source documents accumulated as a result of reporting and handling postentitlement events by beneficiaries and SSA. For purposes of this Schedule, a postentitlement event is defined as any action requiring a change on a beneficiary's record after initial entitlement.

a. Change-of-Address Records

These records consist of change-of-address notices received from beneficiaries or their representatives, and related documents, such as reporting cards, check envelopes, and correspondence; Form SSA-1719, Post-Entitlement Direct Input; and comparable source documents pertaining to change-of-address.

b. Work Report Records

These records consist of Form SSA-1425, Reporting Card, and comparable documents used by beneficiaries or their representatives to report current year work and earnings information to SSA. Excluded from this definition are Annual Reports of Earnings submitted pursuant to sections 203(h) and (i) of the Social Security Act.

c. Death, Marriage, Remarriage, Divorce, and Adoption Records

These records consist of notices of death which include death certificates; Form SSA-721, Statement of Death by Funeral Director, and copies thereof; SSA-L1719, Death Notice Work Sheet; duplicate death notices; and similar papers regarding notices of death. Also included are source documents that report marriage, remarriage, divorce and adoption to SSA, such as SSA-1425, Reporting Card; SSA-1719, Direct Post-Entitlement Input Document; and similar papers.

d. SMI Premium Cards

These documents relate to the payment of SMI premiums by direct remittance as a result of being billed by SSA on a monthly or quarterly basis. Premium notice billing cards are returned with the premium payment and subsequently used by SSA to update premium collection information to its Billing and Collection Master File. Included are Forms SSA-1592, SMI Premium Accounting Card; SSA-1545, Notice of Premium Payment; SSA-1546, Notice of Premium Payment Due—Second Request; SSA-1547, Notice of Past Due Premium Payment; SSA-1548, Notice of Premium Payment Due; SSA-1645, Notice of Past Due Premium Payment; and equivalent documents.

Retain at the point of receipt for 3 months and then destroy the source document.

Retain at the point of receipt for 3 months and then destroy the source document.

NOTE: Do not destroy any forms SSA-1425 that might be relevant to a potential violation.

Destroy 3 months after receipt of source document, except as stated below:

(1) Unproductive/nonbeneficiary notices of death will be sent to Office of Central Records Operations for introduction into the quarterly earnings operations and subsequently destroyed after processing.

(2) Proof documents (or certified copies thereof) required in support of an initial or subsequent claim for benefits will be filed in the claims folder and disposed of in accordance with claims folder disposition instructions.

(3) Foreign documents, pertaining to these events, will be filed in the claims folder and disposed of in accordance with claims folder disposition instructions.

(4) Original certificate of adoption documents will be filed in the claims folder whenever their return to the persons submitting them is not possible.

NOTE: Do not destroy any forms SSA-1425 that might be relevant to a potential violation.

Retain at the point of receipt for 30 days and then destroy the premium cards.

Appendix C (con.)

Date

e. Annual Report of Earnings

These records consist of Form SSA-777, Annual Report of Earnings, or equivalent documents which are filed with SSA by individuals required to report their earnings for the taxable year under the provisions of section 203(h) and (i) of the Social Security Act.

Destroy 3 months after last action.

NOTE: Do not destroy any forms SSA-777 that might be relevant to a potential violation.

f. Payee Not Determined, No Child In-Her-Care, Receipt of Public Assistance, and Annulment

These records consist of notices of payee not determined, no child in-her-care, and receipt of public assistance, which result in the suspension of benefit payments. The files also consist of notices of marriage annulment which result in the termination of benefit payments. Included are Forms SSA-725, Request for Suspension or Termination of Benefits; SSA-1425, Reporting Card; and equivalent documents reporting such events.

Destroy 3 months after last action.

NOTE: Do not destroy any forms SSA-1425 that might be relevant to a potential violation.

g. Form SSA-1372A.1, SSA-1372A, SSA-1372A.2, — Request for District Office Assistance to Obtain Completed Form SSA-1372A

This is a three-part computer-generated form used to ask the district office to obtain a completed SSA-1372A from the school in cases where an entitled student reports that he/she has changed schools.

Destroy the 1372A.1 and 1372A.2 forms immediately upon association of the completed 1372A portion with the claims folder.

h. Form SSA-1383, Student Reporting Card

This is a general purpose reporting card supplied at the time of filing for student benefits. It is used to report such events as marriage, cessation of school attendance, change in schools, change to part-time student, and receipt of pay from employer for attending school.

(1) Where the SSA-1383 is used to report a change in schools, immediately destroy the form upon receipt of a completed SSA-1372A.

(2) Where the SSA-1383 is used to report an event other than a change in schools, retain the form at the point of receipt for 3 months and then destroy.

(3) NOTE: Do not destroy any forms SSA-1383 that might be relevant to a potential violation.

i. Form SSA-1378A — Notice Concerning Child Beneficiary Who Will Soon Attain Age 18

This is a prepunched card supplied to a child beneficiary 5 months prior to attainment of age 18. It is used for direct key-in from the district attainment of age 18. It is used for direct key-in from the district office for the age 18/22 attainment program.

Retain for 30 days after DO action and 120 days after PSC action and then ~~and then~~ destroy the source document.

j. Form SSA-1542 — Notice of Cessation of Full-Time School Attendance

This is a punchcard-type form sent to the school at the time SSA requests verification of the student's attendance. The school retains the form so long as the student remains in full-time attendance. When the student is no longer in full-time attendance, the school is requested to complete the card and send it to the PSC. Upon receipt in the PSC, the card and the folder are reviewed to determine if any action is required. If this is the first notice of nonattendance, development is initiated to determine if the student is in attendance at another school. If the SSA-1542 duplicates a previous notice from the student and action has already been taken, no further action is required.

If the information on the SSA-1542 duplicates information already in the claims folder, the form should be destroyed immediately. If the SSA-1542 is the basis for further development, it should be retained until the development material is received and then be destroyed.

Date

Appendix C (con.)

k. Foreign Enforcement Questionnaire

Solicits information about possible termination, suspension, or deduction events by SSA beneficiaries residing abroad. Questionnaires which report events which may affect benefit or payment status are retained in the claims folders. Included are Forms SSA-7162 and 7162.1 Report to the U.S.—SSA.

1. Form SF-1199, Authorization for Deposit of Social Security Payments

This is a three-part form used to obtain recipient's authorization for SSA to change the check payee to a financial organization. It also confirms the organization's agreement to act as agent for the recipient. The recipient and financial organization each receive a copy of the form.

m. Form SSA-735, Notice of Missing Social Security Check

This form is used by Social Security recipients or their representative to report to SSA the nonreceipt of social security checks.

6. Recovery of Overpayment and SMI Premium Collection Records

The records described below accumulate in the controlling and accounting of all monies incorrectly paid to social security beneficiaries. They consist of records generated as a result of an automated system, Recovery of Overpayment Accounting and Reporting (ROAR), and those created in recovering health insurance overpayments or in paying SMI premiums.

a. Computer Input Coding Records

These files consist of Form SSA-1112, Accounts Receivable Coding Sheet, and equivalent documents used to enter accounting and statistical information into the ROAR System.

b. Daily Activity Journal

These are computer listings which identify daily activity, such as establishment of overpayment, conserved and misused fund accounts, remittance credits, waiver actions, corrections, adjustments, and similar actions affecting the disposition of the accounts on record. A cumulative record of these transactions is produced monthly.

c. Remittance Registers

These records consist of Form SSA-124, Remittance Register, or its equivalent. They identify all receipts of cash, checks, postal notes, and money orders, including those related to the refund of health insurance overpayments or to the payment of SMI premiums.

(1) Questionnaires Requiring Action

File in the claims folder.

NOTE: Records filed in claims folder are to be retained in accordance with the disposition instructions for those files.

(2) Questionnaires Requiring No Action

Destroy 1 month after receipt in the Division of International Operations.
