**STANDARD FORM 115 (REV 3-91)**

Prescribed by NARA 36 CFR 1228

115-109 PREVIOUS EDITION NOT USABLE
Item 1. Records created and/or maintained by NARA in response to the Y2K computer problem.

A. Policy and planning records
Records that document the overall planning of NARA’s response to the Y2K computer problem. Included are such records as minutes of meetings, project plans, decision documents, Business Continuity and Contingency Plan, “Day-1” plans, e-mail messages, graphic representations of plans.

Retire to a records center within 6 months of close of project.
Destroy when 10 years old.

B. Implementation records
Records created during the implementation of NARA’s Y2K plan. Included are such records as system certifications, contingency plans, records discussing specific systems and their Y2K problems, implementation plans, IG inquiries, meeting minutes/notes, budget files.

1. Records created and/or maintained by NH

   a) Automated systems used as part of the implementation phase or to track implementation progress. Includes but not limited to such systems as NARA Y2K, and Component Track

       Delete data and related software 2 years after completion of project.

   b) All other records.

       Retire to a records center facility within 6 months of close of the project.
       Destroy when 10 years old.

2. Records created and/or maintained by all other offices.

       Retire to a records center facility within 6 months of close of project.
       Destroy when 5 years old.

C. Procurement records
Records created as part of the awarding and administration of contracts related to the Y2K computer problem.

Destroy in accordance with Appendix 5, Property and Procurement.
D. Electronic Mail and Word Processing System Copies

Electronic copies of records that are created on electronic mail and word processing systems and used solely to generate a recordkeeping copy of the records covered by the other items in this schedule. Also includes electronic copies of records created on electronic mail and word processing systems that are maintained for updating, revision, or dissemination.

a. Copies that have no further administrative value after the recordkeeping copy is made. Includes copies maintained by individuals in personal files, personal electronic mail directories, or other personal directories on hard disk or network drives, and copies on shared network drives that are used only to produce the recordkeeping copy.

Destroy/delete within 180 days after the recordkeeping copy has been produced.

b. Copies used for dissemination, revision, or updating that are maintained in addition to the recordkeeping copy.

Destroy when dissemination, revision, or updating is completed.
