1 NPRC COLLECTION OF MILITARY PERSONNEL-RELATED RECORDS USED IN RECORDS RECONSTRUCTION

A collection of military personnel-related records obtained from various Federal agencies (principally Army, Air Force, Veterans Affairs, and GAO) as well as non-Federal sources, currently located at the National Personnel Records Center (NPRC). These records are used by NPRC staff in reconstructing military personnel service records destroyed in the 1973 fire and for verifying individual military service data not recorded in the OMPF. Among the series in this collection are military pay records and final pay vouchers, discharge reports and orders, enlistment registers, clinical cover sheets and patient rosters, unit muster rolls and rosters, morning reports, academic and training records, deserter records, directories, and station lists. Records span the period 1890 through 1963. The volume is ca. 20,000 cubic feet.

Disposition: PERMANENT. Transfer individual collections to the National Archives 62 years after the date of the most recent record. Earlier transfer is authorized if records are no longer needed to reconstruct military service data for protecting the legal rights of veterans and their next-of-kin and/or establishing their eligibility for benefits.

Note: This schedule will apply to any additional bodies of records acquired by NPRC for reconstruction purposes.
