“Live” web sites, production environment

1. Archives.gov (www.archives.gov), main public web site.

Content files stored on production mirrored servers: content files including written, graphical, video, and/or audio content, style sheets, scripts, and code supporting functionality and delivery of content, and boot sector files residing on production servers.

Temporary. Overwrite or destroy elements or entire website when no longer needed.

2. NARA@work (www.nara-at-work.gov), intranet web site.

Content files stored on production mirrored servers: content files including written, graphical, video, and/or audio content, style sheets, scripts, and code supporting functionality and delivery of content, and boot sector files residing on production servers.

Temporary. Overwrite or destroy elements or entire website when no longer needed.

3. Our Documents (www.ourdocuments.gov), a public web site providing electronic, reference copies of documents for use especially by teachers and students. The project was created in partnership with National History Day and the White House Freedom Corps.

All content files including written, graphical, video, and/or audio content, style sheets, scripts, and code supporting functionality of the web site), and boot sectors residing on production servers.

Temporary. Overwrite or destroy when no longer needed.

4. 1930 Census Guide web site (www.1930census.archives.gov), an online portal providing guidance, replicated from other NARA sources, regarding research methods using the 1930 census. This web site does not provide copies of NARA holdings.

Content files including written, graphical, video, and/or audio content, style sheets, scripts, and code supporting functionality and delivery of content, and boot sectors (mirrored drives) residing on production mirrored servers.

Temporary. Overwrite or destroy when no longer needed.

5. Emergency-federal-register web site (www.emergency-federal-register.gov), simple interfaces providing contingency public access to the online Federal Register in rare cases of national emergency and as authorized by the President of the United States.

Content files, code and templates, forms and instructions supporting posting of, and viewing of, the Federal Register in emergency circumstances.

Temporary. Overwrite or destroy when no longer needed.
