INACTIVE - ALL ITEMS SUPERSEDED OR OBSOLETE

Schedule Number: N9-064-99-012

All items in this schedule are inactive. Items are either obsolete or have been superseded by newer NARA approved records schedules.

Description:

Records schedules starting with the number N9 were created in response to NARA Bulletins 99-04 and 2000-02. The N9 records schedules created from 1999-2002 allowed agencies to create bulk updates to previously approved schedules to cover copies of records in word processing and email formats. Word processing and email formats are now scheduled in the General Record Schedules, superseding all N9 records schedules approved by NARA. See GRS 5.1 Item 020 Non-record keeping copies of electronic records (DAA-GRS-2016-0016-0002).

Electrical Mail and Word Processing System Copies

Electronic copies of records that are created on electronic mail and word processing systems and used solely to generate a recordkeeping copy of the records covered by the other items in this schedule. Also includes electronic copies of records created on electronic mail and word processing systems that are maintained for updating, revision, or dissemination.

This disposition applies only to electronic copies related to all items in Appendix 12 with the exception of Items 1206, 1207, 1208 and 1210. It has been determined that these series require individual analysis to determine the disposition for their related electronic copies. In addition, this disposition does not apply to any item already covered by the General Records Schedules. (N1–64–87–1, N1–64–90–1)

a. Copies that have no further administrative value after the recordkeeping copy is made. Includes copies maintained by individuals in personal files, personal electronic mail directories, or other personal directories on hard disk or network drives, and copies on shared network drives that are used only to produce the recordkeeping copy.

Destroy/delete within 180 days after the recordkeeping copy has been produced.

b. Copies used for dissemination, revision, or updating that are maintained in addition to the recordkeeping copy.

Destroy/delete when dissemination, revision, or updating is completed.
