### **1. Community Reinvestment Act Data and Related Records**

The Community Reinvestment Act (CRA) is intended to encourage depository institutions to help meet the credit needs of the communities in which they operate, including low- and moderate-income neighborhoods, consistent with safe and sound banking operations. It was enacted by the Congress in 1977 (12 U.S.C. 2901) and is implemented by Regulations 12 CFR parts 25, 228, 345, and 563e. The CRA requires that each insured depository institution's record in helping meet the credit needs of its entire community be evaluated periodically.

CRA examinations are conducted by the federal agencies that are responsible for supervising depository institutions: the Board, the Federal Deposit Insurance Corporation (FDIC), the Office of the Comptroller of the Currency (OCC), and the Office of Thrift Supervision (OTS). The Board maintains, operates, and manages the CRA database on behalf of all participating agencies.
