Records Relating to the Farm Credit Administration Board

1. **Minutes of the Farm Credit Administration Board.**

The Farm Credit Administration Board was established as the policy making body of FCA by the Farm Credit Amendments of 1985. The Board consists of three members who are appointed by the President, with the advice and consent of the Senate, for 6 year terms. No more than two members may be members of the same political party. The Chairman of the Board also serves as the chief executive officer of the Farm Credit Administration. The Board holds one official, scheduled meeting per month; other meetings may be held on an as needed basis. (NOTE: The Farm Credit Administration Board succeeded the Federal Farm Credit Board as the policy making body for FCA. The records of the Federal Farm Credit Board are evaluated in item 9.)

The notational voting process involves the circulation of documentation discussing the issue to each Board member. The Board member records his written vote for or against the proposal in the circulated documentation. Each proposal circulated for notational voting is assigned a notational vote control number.

The Secretary of the Board maintains the file of notational votes. The file consists of the circulated documentation; the votes and comments of the Board members; and a log containing a subject index that references the notational vote number.

**PERMANENT.** Transfer to NARA in five year blocks when the most recent records are 10 years old.

The Board's file of enforcement actions contains only the main action (Notice of Charges, Notice of Appearance, etc.). It does not include copies of documents that led to the action or documents showing compliance with the action. The file is arranged chronologically by the date of the action. Under the enforcement statute (12 USC 2666), all actions are confidential.

Destroy 5 years after termination of action.

9. Minutes of the Federal Farm Credit Board.

The Federal Farm Credit Board served as the policy making body of FCA from 1953, when FCA was separated from the U.S. Department of Agriculture and established as an independent agency, until the agency was restructured by the Farm Credit Act Amendments of 1985. The Board consisted of 13 members who met at least four times annually. One member was designated by and served at the pleasure of the Secretary of Agriculture. The remainder, one from each Farm Credit district, were appointed by the President, with the advice and consent of the Senate. Generally these 12 members were chosen from nominees submitted by FCA. These nominees were selected by the Farm Credit System through an election process.

The records of the FFCB consist of minutes; "notebooks," issued to members prior to Board meetings which include the agenda and necessary correspondence and other documentation relating to the topics to be considered; and drafts and other records relating to the arrangements for the meeting.
