Prior to June, 1985, FCA issued concise statistical and financial reports concerning bonds issued by the Farm Credit System. These reports included "Estimated Proceeds Needed from Public Bond Sales" for the coming year ("New Money Estimates"); a semi-annual report of total bonds issued and sold; and "Bond Facts," which was issued monthly or whenever a new bond was issued. "Bond Facts" showed the dates of issue and of maturity term, par amount, face
rate, and cost to banks. Since June 1985, the Funding Corporation of the Farm Credit System has issued "Bond Facts".

Due to the Farm Credit Amendments Act of 1985, FCA no longer performs functions associated with the sale, servicing, and redemption of Farm Credit securities. Therefore, "Bond Facts" published after June, 1985, are not Federal records and the copies forwarded to FCA are for informational purposes only.

a. "Bond Facts" published prior to June, 1985

PERMANENT. Transfer to NARA in five year blocks when the most recent records are 20 years old.

b. "Bond Facts" published after June, 1985

Destroy when 20 years old or when no longer needed for reference, whichever is shorter.

c. Other statistical reports described above that were created by FCA.

PERMANENT. Transfer to NARA in five year blocks when the most recent records are 10 years old.
