1.	OMB Circular A-123, issued in October 1981, promulgated standards for establishing and maintaining systems of internal controls to address fraud, waste, and abuse of government resources. Each agency is required to conduct an annual evaluation of its system of internal accounting and administrative control. The policies and procedures used by FCA managers in evaluating their programs and administrative functions are documented in PPM 102. This series includes the case files created as part of the annual evaluations. The case files include the workpapers created during the evaluations and the feeder reports created by lower tier organizations. The final reports of the agency are included in the general agency files (scheduled under NARA authorization N1-103-89-4, item 1). Destroy when 3 years old.
