INACTIVE - ALL ITEMS SUPERSEDED OR OBSOLETE

Schedule Number: N1-142-88-013

All items in this schedule are inactive. Items are either obsolete or have been superseded by newer NARA approved records schedules.

Description:

The N1-142-10-001 crosswalk stated that N1-142-10-001 item "9e" superseded NC1-142-81-008, Subsidiary Ledgers in its entirety. The crosswalk failed to note that portions of NC1-142-81-008 had previously been superseded by N1-142-88-013. N1-142-10-001 has no item 9e: it has 9e1 (temporary) and 9e2 (permanent). The correct supersession of N1-142-88-013 is N1-142-10-001, item 9e1.

1. GENERAL LEDGERS AND TRIAL BALANCES

Each accounting office maintains a ledger containing the balance sheet and expenditure accounts necessary for whatever activities are appropriately recorded in that office. Subsidiary ledgers are maintained for balance sheet items of which the details are numerous. As funds are released to individual organizations, accounts are provided for authorized activities in sufficient detail to meet the needs of the organization.

Ledger sheets are generated in quadruplicate monthly by the automated bookkeeping system. The original ledger sheets are placed in a cumulative file. Copies of the ledgers are sent promptly each month to the applicable organizations after the accounts are balanced, and other copies are used as working copies in the accounting offices and are filed by organization. In smaller accounting offices, manual bookkeeping was formerly employed and registers were used for listing different classes of entries for control and posting purposes.

The Federal Energy Regulatory Commission regulations governing the preservation of records as amended January 1, 1972, require that general ledgers be retained for 50 years.

Central Accounting Branch general ledgers for accounting periods prior to October 1980 are recorded on hard copy only. For periods ending after September 30, 1980, Central Accounting Branch general ledgers will be converted to microfiche monthly, and the microfiche will be destroyed when 50 years old.

Power Accounting and Plant Accounting are combined into one office, Power Accounting Branch. General ledgers for the Power Accounting Branch are categorized as being in the Power Accounting Group or in the Fixed Assets Group. In the Power Accounting Group, the microfiche copy was designated as the record copy beginning October 1, 1986, with a retention period of 50 years, and the original hard copy of the ledger sheets will be kept for one fiscal year for administrative purposes. In the Fixed Assets Group, the microfiche copy was designated as the record copy beginning October 1, 1987, and the original hard copy of the ledger sheets will be kept for 10 fiscal years for administrative purposes.

DISPOSITION

Original Copy of General Ledger Sheets

- A. Power Accounting Branch
 - 1. Power Accounting Group
 - (a) Paper records created prior to October 1, 1986
 Destroy when 50 years old. Transfer to FRC when 5 years old.
