## OFFICE OF PLANNING AND BUDGET CORRESPONDENCE FILES

The Office of Planning and Budget, designed, developed, and administered TVA's corporate planning and budgeting system which included strategic, tactical, and cost-performance reporting components. The office was instrumental in developing the agency's corporate policies and strategic plans. The office reviewed budget proposals submitted by line offices, analyzed program and funding requirements, and advised the General Manager and Board on funding impact and priorities of office requests. The office developed reporting systems and methods whereby management at all levels was apprised on a timely basis of the operational and financial performance of the organizations and programs of TVA.

Prior to 1983, when the office was expanded, the Office of Planning and Budget was called the Budget Staff under the General Manager. It handled relationships with the Office of Management and Budget and to committees of the Congress. The Office of Planning and Budget was abolished in 1988 and the function of preparing and presenting the budget before Congress was transferred to Resource Development. *THESE RECORDS WILL BE SCHEDULED IN THE RESOURCE GROUP CRS.*

The correspondence files were filed using the alpha-numeric information retrieval system until 1982. In 1982 the files were converted to the subject-numeric information retrieval system. There are three segments of the file as follows: 1933-1957, 57 cubic feet; 1958-1981, 51 cubic feet, which are located in the Chattanooga Records Center; and 1982-1988, 36 cubic feet, which are located in the Muscle Shoals Records Center.
