REHABILITATION RECORDS

Rehabilitation case files contain records used by TVA's rehabilitation counselors in providing vocational rehabilitation counseling and job placement assistance to TVA employees and former employees. They include documents such as counselor's case notes, vocational assessment results and copies of medical reports and worker's compensation forms. Copies of the rehabilitation records are also kept in the Compensation Case File (NC1-142-92-20). In 1983 the rehabilitation records were filmed after close of case but the filming was discontinued in 1984. These records were previously scheduled by job No. NC1-142-85-2. These records are covered by the Privacy Act system of records, TVA 9, Medical Record System.
