	PURCHASING CORRESPONDENCE FILES See the attached description of the Purchasing Correspondence Files. These records were previously covered by job No. N1-142-90-4.		

I.1. PURCHASING CORRESPONDENCE FILES

The Purchasing correspondence file was an official centralized file using the alpha-numeric system until 1987 when it was converted to the subject-numeric system. A segment of these files was transferred to the Chattanooga Records Center in 1985 and another segment was transferred in 1986 of the records coded by the alpha-numeric system. Approximately 179 cu. ft. are stored in the Chattanooga Records Center. Around 1993 Purchasing did a purge of their official correspondence file and decentralized the file. Most of the files were destroyed under authorization of Job No. N1-142-90-4 part C. Fourteen cu. ft. of correspondence files remaining, were boxed in cu. ft. boxes and are located in the file area.

When the records were decentralized, each direct report to the Vice President and the Vice President of Purchasing, started maintaining their own files. These files are maintained as alphabetical files.

When the Vice President of Purchasing moved from Chattanooga to Knoxville in October 1994, his files were sent to RIMS (this does not have an approved authority). He now maintains a hard copy alphabetical file in Knoxville.
