TVA PRINCIPLES & PRACTICES

Principles & Practices was developed in April 1994 to provide systematic direction to TVA employees through written instructions. These instructions are intended to provide a code of procedures which establish order in the work place. This manual is a streamlined version of the two volume GENERAL RELEASES MANUAL (NC1-142-78-8) which was eliminated in 1992. More than 80 percent of the rules and regulations contained in those binders have been eliminated, and the others have been rewritten into more easily understood guidelines, and have been incorporated in this manual.

This manual contains two sections. The Principles section presents TVA's strategic goals, success sharing goals, and commitments and the Practices section provides general guidelines on how to conduct TVA business and explains TVA's position on particular issues, such as use of TVA business credit cards. While the Practices section focuses more on our daily business, the Principles section outlines TVA's broader direction for the future.

This manual is designed in a way so that new information can be inserted as procedures and policies change.
